

## CONSIDER RELIEF FOR MEXICO CITY

May Make Effort to Obtain  
Carranza's Consent to  
Forward Supplies

## THREATEN FOREIGNERS

Unparalleled Conditions of Fam-  
ine and Anarchy Face  
Capital of Republic

## POSTPONE HUERTA'S HEARING

(WASHINGTON, July 1.—) Faced with unparalleled conditions of famine and anarchy in Mexico City, threatening the safety of foreigners, officials of the United States were giving serious consideration tonight to measures of relief. Long dispatches sent by courier to Vera Cruz by the Brazilian minister at Mexico City were before Secretary Lansing here and President Wilson at Cornish, N. H., who may authorize an effort to obtain the consent of General Carranza to send supplies into the capital through neutral agencies. The influence of the diplomatic corps in Mexico City is being counted on to provide for the removal of foreigners from danger zones of the fighting.

"Only the opening of the railroad from Mexico City to Vera Cruz," said one of the Brazilian minister's messages, "can bring relief to the situation."

Cable is not cut. The dispatches, the first the department had received in nearly two weeks from the Mexican capital, revealed that while the cable from the city was not cut, Carranza authorities refused to permit messages to pass. It is understood inquiry will be made by the United States of General Carranza to learn the responsibility for the stoppage of diplomatic communications. While it appeared today that the Zapata forces still were in control of the capital fighting was continuing in the outskirts of the city against the reinforced columns of General Pablo Gonzales, the Carranza command.

The political situation in Mexico is generally believed to be dependent upon the course of military operations. Continued success by the Zapata forces in resisting the entry of Carranza's troops in the capital has deadlocked operations in the south while in the vicinity of Aguas Calientes, General Villa claims to have retaken Lagos and defeated General Hill, who succeeded General Obregon in active command of the Carranza forces. This report is contradicted by Carranza officials, who declare Obregon is having continuous successes.

Efforts to restore peace wait to some extent upon the return here of President Wilson although the outcome of the military situation in the next few weeks will have an important bearing on the problem.

Postpone Conspiracy Hearing. El Paso, Tex., July 1.—Hearing of the charges of conspiracy to launch a revolutionary movement in Mexico against General Victoriano Huerta and five co-defendants was today postponed until July 12th. The action followed a request of the government that additional time be given to collect evidence and subpoena witnesses who are scattered from New York to Los Angeles.

George B. Oliver, United States commissioner approved the request of the court and continued the bonds of the former dictator and his alleged associates.

General Huerta is at liberty under a bond of \$15,000. The bonds of the other defendants are as follows: General Pascual Orozco \$7,500; General Marcelino Caraveo, \$5,000; Jose Zozaya, \$7,500; Frank Alderete, \$4,000; Ike Alderete, \$4,000.

When he was told of this agreement General Huerta inquired if he must remain in El Paso.

"All right," he said when he was informed it was necessary only that he be present on the date of his hearing. As he left the court room his adherents who filled the streets greeted him with volleys of "vivas" and handclapping. After a brief conference with his counsel Huerta was driven to the home of his daughter.

HOTEL MEN MEET TODAY. Quincy, Ill., July 1.—More than fifty members of the Illinois Hotel Men's association arrived in the city this afternoon and evening to be present at the annual meeting, which convenes here tomorrow. The list of delegates, headed by President Horace Wiggins of Peoria, includes representatives from all parts of the state. An automobile tour of the city and vicinity is the scheduled feature of tomorrow's entertainment program.

## DECLINES TO COMMUTE BECKER'S SENTENCE

ONLY A FEDERAL COURT WRIT WILL  
NOW ACT AS A STAY

Whitman Grants Reprieve of Two Weeks, to Give Counsel Opportunity to Appeal to Courts — Mrs. Becker Does Not Appeal to Governor.

Albany, N. Y., July 1.—Governor Whitman today declined to commute the death sentence of Charles Becker, the former New York police lieutenant convicted of the murder of Herman Rosenthal. Simultaneously Martin B. Manton, Becker's counsel, announced that he would take no further legal step in behalf of his client.

Governor Grants Reprieve.

In order that other counsel for Becker may have an opportunity to appeal to the federal courts, however, if desired, the governor granted the convicted man a reprieve of two weeks from the week beginning July 12 to the week beginning July 26. When Mr. Manton left here after the conference with the governor in which he made his final appeal for Becker's life, he did not know if the case would be taken to a higher court or what attorney, if any, would appeal for the convicted man.

Only a writ issued by a federal court now will act as a stay. A mere appeal will not have that effect. Mr. Manton, who retires from the case, never has been of the opinion that there was much hope of the federal courts interfering. There are a few points on which it is expected an appeal on constitutional grounds might be taken, but they are considered of a minor character.

Mrs. Becker Does Not Appeal.

Mrs. Becker did not appeal to the governor in her husband's behalf. Before going into conference with the governor today Mr. Manton announced that she would not appear. The governor would have granted her an audience had she desired to be heard.

The following statement was issued from the executive chamber:

"I deem it my duty to decline to appoint a commission to further examine into the Becker case and feel that I must deny the application for commutation of the sentence to imprisonment for life.

"Mr. Manton is of the opinion that he has done all in his power for his client and has asked for a reprieve in order that other counsel may have ample time for preparation in the effort to take the case into the federal court.

"Owing to my absence during the last week from the capital and the incident delayed, I think it is fair that the extra time should be given and I have granted a reprieve, postponing the execution of the sentence to the week beginning July 26.

Offered to Make Revelations.

At the last minute it developed tonight Becker offered to make revelations to the Governor in connection with graft in New York police circles. The governor, however, refused to consider this phase of the case. The only issue before him, the executive held, was the actual killing of Rosenthal.

Save for the statement that Becker had not confessed the killing of Rosenthal or offered to implicate others in the killing, the governor would say nothing regarding offers of revelations by the convicted man.

## TO PROBE REPORTS OF ALLEGED MISUSE OF THE AMERICAN FLAG

WASHINGTON, July 1.—Search of investigation is to be made by the United States into several cases in which it has been officially reported that British ships flew the American flag apparently to avoid attacks by German submarines.

Reports have been received not only from Ambassador Gerard in Berlin but through American consular sources in Great Britain with affidavits and other evidence tending to show alleged misuse of the stars and stripes.

The issue is regarded as of such importance to the safety of ships really entitled to fly the American flag that a note may soon be sent by the United States to Great Britain, renewing the representations previously made concerning any general use of the American emblem by British vessels.

## CHIHUAHUA GOVERNOR REQUESTS EXTRADITION OF GEN. HUERTA

WASHINGTON, July 1.—Formal request for the extradition of General Victoriano Huerta on various criminal charges has been presented to Governor Ferguson of Texas, by the Villa governor of Chihuahua state.

This latest complication in the status of the former Mexican dictator now facing prosecution at El Paso for alleged violation of American neutral laws was brought to the attention of the federal government today by Governor Ferguson's request to the state department. Secretary Lansing referred the matter to Solicitor Johnson for consideration. So long as Huerta is wanted by the department of justice, the charges preferred by federal agents will take precedence and until they are disposed of it is not expected that the extradition will be decided.

## BUSINESS YEAR SHOWS DEFICIT

Will Not Issue Official Explanations Until M'Adoo Analyzes Figures

## TREASURY HAS BALANCE

Income Tax Proves the Big Revenue Producer During Past Twelve Months

## P. O. DEPARTMENT BEHIND

WASHINGTON, July 1.—The second business year of the present administration, which closed yesterday, showed a deficit of \$25,864,381 compared with a surplus for the year ending June 30th, 1914, of \$34,418,677.

Receipts Much Smaller.

Official explanations will not be issued until the figures for the year are analyzed by Secretary McAdoo, but on the face of the records it is apparent that receipts were much smaller, an enormous reduction in customs revenues resulting from the war while disbursements were much greater.

Notwithstanding the deficit on the year's business the treasury now has an actual net balance of \$2,025,716. With such a balance on hand and every prospect that it will be increased possibly by \$10,000,000 in the next ten days, it is evident that there will be no issue of Panama Canal or other government bonds to replenish the coffers for many months to come, if at all. Custom receipts for the last fiscal year amounted to \$209,268,107, about \$11,000,000 under the estimates made by Secretary McAdoo several months after the war began and \$82,000,000 below the amount received from this source in 1914.

With the end of the war apparently remote, it is well known that many treasury officials are convinced that it will be necessary for congress to restore the old duty on sugar at the next session.

Sugar becomes free next year, whereas in the days when it paid duty it brought in about \$60,000,000 a year.

Income Tax Big Producer.

The income tax proved the big producer during the past twelve months. Total receipts up to the close of business last night were \$79,828,675 of which \$36,303,525 came in on June 30th. This is more than \$8,500,000 above the total received from the tax last year and there remains in the days of grace in which it must lawfully be paid. Officials are confident that during this period there will be received an income tax payments at least \$6,000,000 which would bring the total \$5,000,000 above the amount estimated. It was said tonight that the personal income tax proved a surprise this year. Last year it brought in only about \$28,000,000 but up to date this year it has produced more than \$41,000,000 and that probably will be augmented by several millions.

According to information at hand this increase is not to be accounted for in any large increase in the number of taxpayers; in fact, it is understood that the number remains practically what it was in 1914. A closer examination of returns and the evident intention of officials to prosecute tax dodgers probably helped to swell the total received. The corporation income tax apparently will be about the same as that received last year. Contrary to current reports, it now develops that the emergency tax law has proved even a better revenue producer than was expected. Despite this, however, internal revenue receipts for the year, \$335,828,377, were only about \$27,000,000 in excess of last year's.

One contributing fact is that whiskey is not paying the revenue it used to produce by somewhere between \$16,000,000 and \$20,000,000 a year.

Post Office Runs Behind.

Another thing pointed out tonight by treasury officials was that the post office department usually self sustaining has run behind this year and has received advances from the treasury amounting to more than \$6,000,000. If this were to be paid back the deficit would be that much decreased. On the other hand, the treasury has paid out on account of the Panama canal during the year more than \$29,000,000 which is reimbursable, though not likely to be reimbursed unless through a bond issue for many years to come.

Including the Panama canal expenditures but deducting the amount advanced the post office the account shows a net excess of all disbursements for the year over all receipts of about \$57,500,000. Total expenditures for the year were \$731,527,572 compared with \$700,559,245 last year.

## War News Summarized

The captures by the Austro-Hungarian armies in their operations for the month of June numbered 194,521 officers and men and vast supplies of ammunition, according to the latest official communication from Berlin and Vienna. A continuance of the advance of the Austro-Germans along the fronts in Galicia and Poland is also reported, with the Russians still continuing their backward movement at nearly all points, regarding which the Russian war office has given no explanation. The old British torpedo boat destroyer Lightning, the British admiralty announces, has been struck by a mine or torpedoed, fifteen members of her crew being lost.

In the western zone the districts north of Arras and west of the Argonne have been the scene of heavy bombardments and in the latter region the Germans, by the use of heavy shells and shells containing asphyxiating materials, according to the French, forced the first French line, but were checked by the second line and driven back by counter attacks.

The closing of the German-Swiss frontier is taken as an indication that the Germans are sending large reinforcements to the French front.

The Italians, in their Austrian campaign, are now coming up to the more strongly fortified positions held by the Austrians. Their operations have been hampered by the heavy snows and swiftly flowing mountain streams in Tyrol, while along the Isonzo front their numerous attacks, though in some instances yielding them small gains have been in large measure held in check by the Austrian guns.

## INDICATIONS ARE THAT U. S. WILL SOON TAKE OVER RADIO STATION

WASHINGTON, July 1.—Indications tonight were that the United States would soon take over the big wireless station at Sayville, L. I., because of alleged violations of neutrality. Conferences among the heads of the state, navy and commerce departments continued but there was every evidence that the government in the near future will assume complete control over this plant—one of the two high powered wireless stations maintaining direct communication between America and Germany.

Secretary Daniels who had conferred with Secretary Lansing and Secretary Redfield regarding the contemplated action was asked today about the government's plans but he declined to talk.

## ARCHBISHOP'S CONDITION SHOWS SLIGHT IMPROVEMENT

Prelate Regains Consciousness and Recognizes Bishop Hickey and Members of His Family.

Rochester, N. Y., July 1.—At 10 o'clock tonight Dr. Joseph R. Culkin of Rochester, chief physician at the bedside of Archbishop Quigley of Chicago issued the following bulletin.

"The archbishop regained consciousness shortly after 9 o'clock this evening. He recognized Bishop Hickey of Rochester and the members of his family and spoke a few words to them. The patient's temperature has dropped slightly registering 101 at 10 o'clock with a pulse of 75 and respiration of 30. I believe he will live through the night at least."

The slight improvement in the prelate's condition came at the end of a day marked by failure of the archbishop's strength which became acute with another stroke of paralysis just before noon. Throughout the day he was unable to take nourishment. At 5:30 o'clock this afternoon his temperature was 102.2 his pulse 75 and his respiration 30.

Dr. Culkin said earlier today that the patient's lungs gradually were filling up so that the improvement tonight will not materially change his condition.

## INTERNAL REVENUE TAXES FOR PEORIA DISTRICT SHOW DECREASE

PEORIA, Ill., July 1.—Internal revenue taxes for the Peoria district, in which the greatest single portion of the federal tax on the manufacture of whiskey is collected, totaled \$26,493,570.72 for the fiscal year just closed, according to a report made public tonight. This year's collections, the report said, showed a decrease of \$7,041,816.23 as compared with the 1914 collections. One of the reasons advanced for the decrease was the country-wide prohibition agitation. Another was that during the depression due to the European war distillers filled their warehouses and now are disposing of their reserve supply.

Income taxes for the Peoria district fell off more than \$20,000 for the year.

## SMALL LIKLIHOOD OF NEW COMPLAINT

Reports That Armenian Resisted Capture Relieve Officials

## DETAILS NOT AVAILABLE

Government's Position Cannot Be Determined Until Official Reports Are Received

## CAPTAIN TELLS OF ATTACK

WASHINGTON, July 1.—Official information on which to base an accurate judgement of circumstances under which the British Steamer Armenian was destroyed with the loss of a number of American lives was lacking tonight and until all details are available, Secretary Lansing stated that the position of the American government could not be determined.

Little Tension Over Incident.

From news despatches, however, and a closer reading of official reports of yesterday officials were inclined to the view that inasmuch as the Armenian apparently refused to submit to the warning command of the German submarine to halt and made repeated attempts to escape, according to international law the sinking of the vessel was justified even though non-combatants were on board. This was the rule laid down in the case of blockade runners in the American civil war and is the principle applicable also to neutral vessels which refuse to submit to visit and search. There was little tension over the incident in official quarters here after it became known that the Armenian had sought to evade capture. It was admitted that if official reports bore out the press despatches, there was no likelihood that any new cause of complaint would be added to the issues pending between the United States and Germany.

One or two officials suggested that inasmuch as Germany had in effect given warning that enemy ships would be torpedoed without warning, it was pointed out that the last American note to Germany on the Lusitania and Falaba cases said:

"Nothing but actual forcible resistance or continued efforts to escape by flight when ordered to stop for purpose of visit on the part of the merchantman has ever been held to forfeit the lives of her passengers and crew."

These officers were inclined to argue that the German submarine might not order vessels to stop merely "for the purpose of visit."

Purpose is Not R'quired.

Others, however, declared that the rules of warfare do not require the commander of a warship to state his purpose when directing a merchantman to halt.

The only fact of importance received officially by the state department came in a report from Ambassador Page who said the British admiralty had informed him the Armenian was "engaged in admiralty business."

Officials at the department declared the question of whether a ship so engaged should be treated by hostile vessels as a public ship of war or a defenseless merchantman was a close question of international law and a position could not be given until the extent of the belligerent government's control over the ship and crew was definitely known.

The question of charter and belligerent control was overshadowed in official quarters by the press despatches telling of the desperate attempts of the Armenian to escape and if official reports should bear out these accounts the incident will have little connection with the American government's negotiations with Germany over submarine warfare.

Captain Tells of Sinking.

London, July 1.—Captain Trickey of the Armenian in an interview today said that he surrendered to the German submarine only when the freighter was afire in three places and after the ship's engines had been put out of action and a dozen members of the crew had been killed by shrapnel fire.

Most of the members of the crew who perished, Captain Trickey said for us to stop," said Captain Trickey, "first put a couple of shots over our bows when we were four miles off. I put my stern toward him and ran for it. The submarine then began to shell us in earnest the shrapnel bursting all around us, killing several of the crew and knocking others overboard. I soon realized that the enemy was gaining on us but I did not propose to surrender without a struggle. But my steering gear was soon hit and put out of commission."

## LUCEY HOLDS INSURANCE RESOLUTION IS VOID

ATTORNEY GENERAL GIVES OPINION TO SENATOR HAMILTON

Holds Committee to Investigate All Branches of Insurance Has No Legal Existence After Adjournment of Regular Session of Assembly.

Springfield, Ill., July 1.—That the Compton resolution passed by the senate to investigate all branches of the insurance business is void is the holding of Attorney General Lucey in a written opinion given to Senator John R. Hamilton, a member of the investigating committee appointed under this resolution.

Cites Numerous Authorities.

After citing numerous authorities sustaining his holding, the attorney general concludes: "In view of these authorities, I am of the opinion that the committee of investigation of which you speak, created by the resolution No. 8 of the senate only, has no legal existence after the adjournment of the regular session of the 49th general assembly, and cannot, during the recess of the general assembly exercise any of the powers attempted to be conferred on this committee by this resolution."

Insurance Superintendent Potts opposed this resolution early in the session when it was introduced, declaring it was introduced for the purpose of side tracking the fire insurance legislation he was urging.

Takes No Action on Bills.

Governor Dunne today took no action on the four bills which are still before him. They include Senate Bill 382, providing for the appointment of a state board of moving picture censors; Senate bill 295, known as the Calumet Harbor Bill; house bill 386, providing for an increase in the pay of the members of the general assembly and house bill 496 which provides for the appointment of a state board of examiners of structural engineers.

## CONTINUED BAD WEATHER HINDERS ITALIAN ADVANCE IN TYROL

Troops Encounter Snow Storms and Thick Fogs, Which Interfere With Long Range Firing.

Udine, Italy, via Paris, July 1.—The Italian advance in Tyrol is seriously hindered by the continued bad weather, which is exceptional in mid-summer. The mountaineers do not remember a season when there has been so much snow on the heights on July 1. The mountain streams which usually are dry at the end of June are now deep and almost impassable.

The Italian troops are encountering snow storms and thick fogs which have interfered with long range firing. Hill storms were beating today in the men's faces in part of Tyrol, where the advance upward is still in progress.

These officers were inclined to argue that the German submarine might not order vessels to stop merely "for the purpose of visit."

Purpose is Not R'quired.

Others, however, declared that the rules of warfare do not require the commander of a warship to state his purpose when directing a merchantman to halt.

The only fact of importance received officially by the state department came in a report from Ambassador Page who said the British admiralty had informed him the Armenian was "engaged in admiralty business."

Officials at the department declared the question of whether a ship so engaged should be treated by hostile vessels as a public ship of war or a defenseless merchantman was a close question of international law and a position could not be given until the extent of the belligerent government's control over the ship and crew was definitely known.

The question of charter and belligerent control was overshadowed in official quarters by the press despatches telling of the desperate attempts of the Armenian to escape and if official reports should bear out these accounts the incident will have little connection with the American government's negotiations with Germany over submarine warfare.

Captain Tells of Sinking.

London, July 1.—Captain Trickey of the Armenian in an interview today said that he surrendered to the German submarine only when the freighter was afire in three places and after the ship's engines had been put out of action and a dozen members of the crew had been killed by shrapnel fire.

Most of the members of the crew who perished, Captain Trickey said for us to stop," said Captain Trickey, "first put a couple of shots over our bows when we were four miles off. I put my stern toward him and ran for it. The submarine then began to shell us in earnest the shrapnel bursting all around us, killing several of the crew and knocking others overboard. I soon realized that the enemy was gaining on us but I did not propose to surrender without a struggle. But my steering gear was soon hit and put out of commission."

Then a shell fell into the engine room and another carried the Marconi house away. Still another cut down the funne and disabled the stokers, preventing them from keeping steam up.

"By this time the ship was on fire in three places and I decided to surrender. We had resisted the enemy for an hour and twelve or thirteen men lay dead on the deck.

"The submarine commander requested me to clear ship.

"I must say that the submarine commander showed us every fairness after we had given up picking up many of the crew who, because of a damaged boat, had fallen into the water. Most of the crew who perished were Americans."

## TEUTONS CONTINUE NORTHWARD DRIVE

British Press Frankly Concedes That New Invasion is Serious

## SITUATION UNEXPECTED

England Is Puzzled as to the Ultimate Object of the Austro-German Armies

## BRITISH DESTROYER IS LOST

LONDON, July 1.—The northward drive of the Austro-German armies from Galicia into Poland is daily becoming more formidable and England is puzzled as to whether they propose to make their main effort in this direction instead of maintaining a concentrated offensive to the eastward, to force the Russians out of the southeast tip of Galicia. Whatever the ultimate object is, the fighting along the Galla Lipa river has not abated and this afternoon's Berlin official communication not only records progress in this section but further north in the area around Lemberg as well as along what has now become the northern front, between the Vistula and Bug rivers.

Teutonic Progress Rapid.

The Austro-German forces on this front are estimated at two million men and their progress has been rapid. They have crossed the forest fringing the Tanew river and are not far from the Zamosc fortress, 25 miles north of the Galician frontier. Only a hundred miles to the north is the great Russian base, Brest-Litovsk, linked with Warsaw by important railways and lying almost due east of the Polish capital.

Concedes Invasion is Serious.

The development of the Galician campaign has created a situation entirely unexpected by the allies. A few months ago the Russians were at the Carpathian passes and during the spring months there were confident predictions both in England and France that Hungary would soon be overrun. The British press has been optimistic for weeks that the Russians would turn and make a stand but it now frankly concedes that the new invasion of Russia is serious. The papers however, place faith in Russia's munitions campaign, much the same as the British public is relying upon David Lloyd George's plan to equip the British army in France as ultimately to match the Germans in explosives and munitions, especially machine guns.

The Arras sector maintains its reputation as the storm center of the western front, but despite the fact that the losses are piling up daily neither side has been able to deliver a decisive blow.

Allies Take Krithia.

A despatch tonight from Athens says that the allies have taken the Turkish stronghold of Krithia on the Gallipoli peninsula, to the western edge of which General Ian Hamilton's report of yesterday carried his forces; but there is no confirmation.

Gratification over the British progress in Gallipoli is hardly more pronounced than the realization of the tremendous task which faces England and France as they attempt to clear the Turks from their natural defenses barring the way to Constantinople.

British Destroyer is Lost.

The first stroke against British naval craft in home waters for some time is announced briefly by the admiralty tonight which says that 15 men have been lost by the mining or torpedoing of the destroyer Lightning, an old craft laid down two decades ago.

Bulgaria which both sides are using every effort to bring into the conflict, has notified its reservists in England to be ready to join the colors but the Bulgarian officials her say that this is a purely perfunctory procedure.

ZIONIST CONVENTIONS END.

Boston, Mass., July 1.—The Zionist conventions which have been in session here for a week were brought to a close today with the announcement that a national congress of representatives of all Jews in the United States would be held as soon as the European war is over.

CLOSE WURTTEMBERG BORDER

Paris, July 1.—The German frontier along the Swiss-Rhen line has been closed since Sunday. The Wurttemberg border was closed today. Travelers who proceeded by boat from Switzerland to Friedrichshafen, were reduced to the alternative of returning immediately or remaining in Germany for several days, possibly weeks.

A royal welcome will be given every person who comes to Jacksonville next Monday. The committees in charge of the work have arranged programs for morning, afternoon and evening and there will be something to do or see every minute. It will be at once an old and a new fashioned celebration and old and young will certainly enjoy the day. Most of the stores will be open and visitors who have any shopping to do will have the opportunity at hand.

They are mighty independent out in Kansas City, or at any rate dealers in horses believe that these animals are in no sense a drug on the market. Recently J. P. Morgan & Co. telegraphed to know if a thousand head could be shipped east for the Italian government, payment at the rate of \$170 per head to be made when the horses reached Hampton Roads. The answer went back that all horses sold to J. P. Morgan & Co. must be paid for before the animals left the Kansas City yards. Usually the Morgan credit is good.

A Missouri supreme court judge has rendered an opinion that a county judge who "sweeps out" is entitled to salary as a janitor. T. J. Hale of Texas county, Mo. sued the county because payment of a bill for \$234 for janitor service was refused. During his four year term of office he swept out and did other chores about the building and his contention for payment for the work has been upheld. It is likely that in Missouri counties where the judges' salaries are not fixed at a satisfactory figure that the battle with the high cost of living will lead the judges to combine judicial and janitorial duties, knowing that the courts will uphold them in any necessary efforts to collect for labors thus performed.

Since Governor Whitman of New York has declined to commute the sentence of Charles Becker to life imprisonment there seems to be little chance for the convicted former police lieutenant to escape the electric chair. An appeal to the federal courts may be made but the withdrawal of Becker's counsel from his case would indicate that he believes that further effort for his client is useless.

It was indicated some weeks ago that Gov. Whitman might show some clemency for Becker if the condemned man would tell all he knows about police graft in New York. The dispatches yesterday, stated however, that while Becker has not confessed the killing of Rosenthal that he had made an offer to tell a graft story but that the governor's position is that the only question is the man's guilt of killing Rosenthal and that a change of penalty should not be given as a reward for evidence against other wrong doers.

Yesterday government officials issued a report showing that the trade balance of the United States for the fiscal year just closed is a billion dollars, breaking all previous records. Today we have the report showing that while the government closed up its records a year ago with a surplus of \$34,418,677, and that this year the figures are on the other side of the ledger and show a deficit of \$35,864,381. Incidentally announced that it is the intention to put back the duty on sugar and thus raise \$20,000,000 and possibly some other Democratic tariff mistakes will be corrected. Incidentally too some of the southern states it is announced that it is the intention to put back the duty on sugar and thus raise \$20,000,000 and possibly some other Democratic tariff mistakes will be corrected. Incidentally too some of the southern states may be placated by the restoration of the sugar tax.

### Against Fraudulent Advertising.

The bill passed by the general assembly to prevent fraudulent advertising is a good measure and should bring to pass some beneficial results. A number of Illinois cities have ordinances aiming at the same purpose and movement to emphasize the need for facts as the basis of advertising is having general recognition. The language of the Illinois bill is as follows:

"That whoever, being any person, firm, corporation or association, in a newspaper, periodical, circular form, letter, or other publication, published, distributed or circulated in this commonwealth, in any advertisement in this commonwealth, knowingly makes or disseminates any statement or assertion concerning the quantity, the value, the merit, the ability, the use, the present or former price, the cost, the reason of a sale, of any merchandise, securities or services or anything of value, or concerning the method or cost of production or manufacture of such

merchandise; or the possession of rewards, prizes or distinctions conferred on account of such merchandise, securities, service or thing of value; or the manner or source of purchase of such merchandise or securities or things of value with intent to sell, or in any wise dispose of such merchandise, securities, services or things of value; which is untrue or calculated to mislead, and known to be so by said person at said time, shall be guilty of a misdemeanor and on conviction be sentenced to pay a fine of not more than one hundred dollars, or by imprisonment in the county jail not exceeding sixty days, or by both such fine and imprisonment."

### WOMEN IN THE NEWS.

New York—The American woman, after months of constant giving and working to aid the refugees in the war zone, are now confronted with the problem of providing employment for the refugees. Hundreds of women, bereft of husbands and homes are already beginning to embark for America, firm in the belief that employment awaits them. Many inquiries are coming concerning the wages of domestics and the conditions of employment. Many women who have studied the servant problem declare this immigration of housekeepers and cooks from abroad will serve as a solution of the servant problem. Since 1900 the percentage of women in domestic service has dropped steadily, from 39 per cent to 32 per cent. American girls prefer the mills, factories and stores to the kitchen, and the regular hours of work, with a place to entertain their friends, to the irregular hours of housework and the seclusion of servants' quarters.

San Francisco—Senora Iturbe, the beautiful wife of General Iturbe, the Mexican commander, is disposing of her diamonds here, to finance her work of mercy in her native country. An asylum at Cuilacon, with 400 orphans, is maintained by the pretty Mexican woman, and on her success in furnishing food to the hungry children depends their very lives. The generosity of Senora Iturbe was uncovered by government agents, who rounded up her agents on the charge of smuggling the diamonds into this country. It is said that flour sells at \$50 per hundred pounds at her Mexican home, and that an ordinary pool of thread costs a dollar.

New York—A non-sectarian Christian college for women in India opens its doors today, with the support of English and American philanthropic women. The college is located at Madras, India and its first class consists of 30 native Indian girls. A large estate in the city of Madras has been secured, and Miss Eleanor McDougall of London is president of the college. She toured the United States a few months ago and enlisted hearty support. The new college is affiliated with the University of Madras. It is a residential school and the students will live with the women professors, who will compose the faculty and surround their charges with a Christian atmosphere.

Washington—Miss Alice C. Evans formerly of the University of Wisconsin, is conducting for the government important bacteriological tests in the department of Agriculture. For the past two years she has been making special investigations in the bureau of animal industry, as the basis for practical work for pure food. Just at present she is making bacteriological examinations of milk immediately after it leaves the cow, to establish whether harmful germs actually exist in the milk in its original form. She is also determining the ripening factors of American cheese, following the process from beginning to end, and experimenting with all stages of the milk from the cow to the cheese. Miss Evans was graduated from Cornell and from the University of Wisconsin, and first became associated with the government work in cheese tests at Madison, Wis.

San Francisco—Mrs. Harry Payne Whitney's piece of sculpture, "The Fountain of El Dorado" occupies a position of honor at the Exposition, being located within the walls of a colonnade near the main gates. The carved reliefs that decorate the work deal with the legendary land beyond the frontier of the Aztecs, which the early explorers believed was paved with gold and studded with jewels. Mrs. Whitney's composition symbolizes the legend—the search for the unattainable. It consists of a central group, the figures of two slaves closing the portals of El Dorado, beyond which the desires of life await. The whole work occupies about 60 feet of wall space.

London—Several different stories are told of the rupture in the membership of the "Lady Volunteer Workers," as the result of the incidents of the first meeting of the league two weeks ago. It is said that Princess Mary has withdrawn her support from the organization, and that the league has fallen flat, although some of the ardent members of the organization declare the rumour has blown over and harmony reigns, with Princess Mary forgiving the member who dared to differ with her. According to stories that have arisen Princess Mary left the first meeting in a huff because of the audacity of Miss Davidson, a relative to the Archbishop of Canterbury. The Princess had disagreed with Miss Davidson's statement that the United States must choose between honor and dishonor.

### BIRTH RECORD.

Born to Mr. and Mrs. George Hurst Wednesday evening a son, James S. Hurst.

## FRANKLIN HOME-COMING TO BE NOTABLE EVENT

Committee Will Endeavor to Outdo Gathering of Last Year—Many Attractions Scheduled.

Another meeting was held Wednesday evening in Franklin, relative to the Home Coming which has been set for Aug. 18, 19 and 20. The executive committee will be George Schaaf, W. C. Calhoun, W. N. Luttrell, M. B. Keplinger, J. O. Raiston, Dr. J. M. Elder and Elmer Roberts. There will be free acts, day and night, baseball games daily, baby shows, horse shows and amusements and entertainments for all classes of people. A fund of \$700 is already in sight for the event.

The Franklin Times says: It has been decided that one feature of this year's program will be a daily auto parade, when liberal cash prizes will be distributed to the lucky ticket holders. The rear room of the furniture store will be fitted up as a free rest room for the convenience and comfort of our visitors.

The first Franklin homecoming, held last year, was the biggest thing ever attempted by any little town in this part of the state. It was a success from start to finish and made all other small towns and cities in this part of the state green-eyed with jealousy. Some of them are still trying to figure out how we did it.

We did it because we got together and all got in the traces and helped, and it is a foregone conclusion that we are going to repeat the trick again this year, with even greater credit to ourselves. We don't believe there is another small town in central Illinois where a committee could have gone out this year in the face of the financial and business depression which has existed and scraped up \$700 in three days for a fun carnival. That the committee was able to do so here shows that our business men have the right kind of "ginger" in them and that they are willing to boost our town and entertain their friends once a year, with but few exceptions all are helping bear the burden of expense, and farmers as well are exhibiting a share of pride in the movement by contributing liberally.

♦ Come to Jacksonville Monday ♦ to celebrate the Nation's birthday. ♦ An all day program of ♦ splendid, free attractions and ♦ a royal welcome await you. ♦

## PROPERTY OWNERS TALK OVER REPAVING OF SOUTH MAIN STREET

A meeting of the property owners of South Main street was held in the rooms of the Chamber of Commerce Thursday evening. Forty citizens were present and all spoke both pro and con of the question. The sentiment at the close of the meeting seemed to be in favor of improving the pavement. On motion of Hon. Thomas Worthington, seconded by Ellsworth Wells, Chairman Carl Weber was empowered to appoint a committee of three, to inquire into prices and material for paving and to report at a meeting to be held later. W. D. Loneragan was present and gave his experiences with tarvia, as a paving substance.

### BIRTH RECORD.

Born, to Mr. and Mrs. J. O. Monroe, of 423 West State street, at Our Savior's hospital Thursday morning, a son.

Born, to Mr. and Mrs. R. G. Stacy of 1015 Stacy street, a daughter, Vivian Marguerite.

Born, to Mr. and Mrs. C. C. Robnett of Centralia, June 15, a 3-month daughter, Dorothy Evelyn. Mrs. Robnett was formerly Miss Craven, daughter of Mr. and Mrs. Frank Craven of East Morgan street.

### WAS ON WRECKED TRAIN.

J. P. Hillerby was among the passengers on the Alton train which was wrecked near Mexico, Mo., Tuesday evening. The Thompson-Clark wedding party was on this train. Mr. Hillerby was returning home from a visit with his daughter, Mrs. Mary Medel at Emporia, Kan.

### GOES AS REPRESENTATIVE.

Marcy Osborne who will represent the local order of Elks at the National convention in Los Angeles the week of July 11 will leave this morning for the west. Curtis Copp and Bryon Graff also expect to attend the convention.

### INJURED BY FALL.

Mrs. John Wright of South Clay avenue is suffering from a fractured arm and left shoulder as the result of a fall Wednesday evening. She was in the yard standing on a chair pulling a ring out of a tree, when the chair turned over.

### NAME NOT YET CHOSEN.

Secretary Carl Weber of Chamber of Commerce said last night that it would be several days before the new name of the Illinois hotel would be known. The 400 or more names received would have to be classified and arranged.

### FUNERAL NOTICE.

The funeral of William R. Routt will be held this morning at 9 o'clock at the Church of Our Savior, Rev. J. W. Crowe to officiate.

A cotton planter in South Carolina has raised brown, yellow and green cotton, and hopes to produce black, red and gray cotton.

China employs nearly four thousand experts from Europe and America, to run her railways, postoffices, etc. There are 1105 British and 174 Americans on the job, many of the latter in most important offices.

### WARNING TO THE PUBLIC.

People are warned against throwing grass, trash, limbs of trees or other things into and upon the streets and alleys. Such disposal of refuse is in violation of city ordinances, tends to clog up sewers and otherwise does harm.

Jerry Cox,  
City Commissioner.

### FUNERAL NOTICE.

The remains of the late Robert Halsted arrived in the city Thursday over the Chicago and Alton and were taken to the home of the deceased father-in-law, Mr. Smith, on West College avenue, where the funeral will be held this afternoon at 2:30 in charge of Rev. Myron L. Pontius.

## Trust Company Service

That the highest degree of efficiency in the administration of estates is attained by trust companies is becoming well recognized.

Wealthy and far-seeing men commit the management of their estates to trust companies because their wisdom and experience prove this course to be safest and best.

Why should not the family of the man of moderate means enjoy the advantage and protection afforded by trust company service? Prompt, efficient administration that will conserve the small estate and protect its beneficiaries is far more important to the family of moderate means than to the one of wealth.

This company gives the small estate the same careful attention as the large one. Its fees are controlled by law, cannot be greater than those allowed individuals, and in most cases, considering the service rendered, are less.

**The Farmers State Bank & Trust Co.**

## AGENTS GIVE INFORMATION ABOUT BUSINESS CONDITIONS

Reports Are Made Public by the Federal Reserve Board—Chicago Reports Steady, But Slow, Progress.

Washington, July 1.—Information about business conditions throughout the country in June, as reported by federal reserve agents, was made public tonight by the federal reserve board.

From Boston came the news that weather conditions and a wave of economy which is affecting all classes "probably had been important factors in the general business situation."

**Bank Deposits Increase.**  
From New York bankers throughout the state were quoted as reporting that crops in general had a good start and that increased activity and better employment for labor in many industries were shown. Bank deposits generally were said to be increased and collections fair. In New York City trade was reported as somewhat retarded by unseasonable weather, though mercantile lines in general continued to show an improving trend and there was a reasonably satisfactory outlook.

**Progress Steady, But Slow.**  
Chicago reported a steady but slow progress. The Michigan fruit crop had been injured by excessive rain, but late advices indicate unprecendented cereal prospects, imparting confidence to manufacturers and distributors. There was more activity in iron and steel lines.

St. Louis reported that the output of manufacturers who have no products available for Europe still was below normal, although the jobbing trade was somewhat more active. The outlook for the cotton crop was favorable and the livestock market continued active.

**Wheat in Excellent Condition.**  
Minneapolis said weather conditions undoubtedly had damaged the northwestern corn crop, but it was too early to estimate the effect.

**Crop Conditions Excellent.**  
Crop and financial conditions in the Kansas City district were reported excellent. The coal industry was above normal for the season. Livestock and packing industries were normal, with farm implements and automobiles rising with each other for record of sales. There was a surplus of harvest laborers.

## CHARGE POLE WITH SENDING ABUSIVE LETTERS TO WILSON

Alphonson Chrostowsky Is Arrested in New York on Warrant Sworn Out by Secret Service Agents.

New York, July 1.—Alphonson Chrostowsky, a Polish editor was arrested at his home tonight on a charge of sending annoying and abusive letters to President Wilson at Washington. The arrest was made on a warrant sworn out by secret service agents. Chrostowsky was locked up at police headquarters.

Chrostowsky, who said he is 48 years old and is a contributing editor to the Morning Star, a Polish publication which he says he founded in Cleveland, 24 years ago, was taken in custody at his home on the upper west side.

William J. Flynn, chief of the secret service, said that Chrostowsky had addressed four abusive letters to President Wilson, complaining that the president and other officials were in league to do him harm. Chief Flynn said he believed the man was harmless. He added there was no connection between the arrest of Chrostowsky and that of Rudolph Malik, the Austrian who was indicted today on a charge of sending a threatening letter to President Wilson.

## EVELYN NESBIT RELUCTANTLY DECIDES TO TESTIFY AT TRIAL

Plans to Compel Her Attendance Through Issuance of Writ of Attachment are Abandoned.

New York, July 1.—Although word was received here today from Malone, N. Y., that Evelyn Nesbit Thaw had announced that she would decline to obey the subpoena summoning her to New York to testify as a state witness at the trial to test the sanity of her husband, Harry K. Thaw, information considered authentic reached the deputy attorney general's office tonight that she had reluctantly decided to submit to the ordeal.

Accordingly plans which had been made to compel her attendance, through the issuance of a writ of attachment, were abandoned. She is expected to arrive in New York in time to take the stand on Tuesday.

## BRITISH STEAMSHIP LOMAS IS TORPEDOED OFF SCILLY ISLANDS

LONDON, July 1.—The British steamship Lomas, bound from Argentina for Belfast with a cargo of corn, was sunk by a German submarine Wednesday afternoon, sixty miles west of the Scilly Islands.

The submarine first fired two shots, presumably as a summons to haul to, but the second shell struck the steamer, killing the second officer. The crew took to the boats and were picked up by a Belgian trawler and landed at Milfordhaven.

The submarine sent the Lomas to the bottom by a torpedo and shell fire.

The Lomas was of 3,048 tons gross, her length being 325 feet. She was built in 1898 at West Hartlepool and was owned by the Buenos Ayres and Southern Railroad company of Hull.

## TORPEDO ITALIAN SHIP.

LONDON, July 1.—The Italian ship Sardinia, a timber laden, was torpedoed without warning five miles from Castletown, Rathfriland, Ireland. Two of the crew were killed outright and several were wounded or missing. Seven were saved.

## COURT GRANTS INJUNCTION.

Chicago, July 1.—Tips given by a generous public to washroom and check room attendants will continue to flow into the coffers of their employers, for the time being, in spite of the state law which became operative today, prohibiting the leasing of such rooms to men who take tips of the public and pay salaries to the employees.

Judge Frederick A. Smith in the circuit court, granted temporary writs of injunction against two downtown hotels restraining them from turning out employees of Jacques Roussou and Sam Wolf.

# Palm Beach and Mohair Suits

We are showing in our Clothing Window this week a line of Palm Beach and Mohair Suits

—FROM—

**\$8.00 TO \$16.50**

and it will pay any man in town to see these suits if he wants the Best the Market Affords.

## DUNNE COMMUTES SENTENCES OF TWO CONDEMNED TO HANG

SPRINGFIELD, Ill., July 1.—Governor Dunne today commuted to life imprisonment the sentence of Nicholas Gavrilovich, under sentence to hang at Edwardsville, July 16th, for murder, and of John Kinzie, or Morris, Grundy county, under sentence to hang July 16th, for the murder of Mrs. Anna Pobellaki.

Executive clemency was refused in the case of Frank Repetto, under death sentence for the murder of a fellow convict in Joliet penitentiary. Repetto will hang Friday, July 16.

## REPORT OF THE CONDITION OF THE ELLIOTT STATE BANK, located at JACKSONVILLE, State of Illinois, before the commencement of business on the 24th day of June 1915.

## POINTS TO GREAT POSSIBILITIES IN MOTORING WORLD

English Newspaper Talks About  
Likely Development in Next Few  
Years

The following appeared recently  
in the London Observer under the  
heading, "The Romance of Motor-  
ing":

Mr. C. F. Kettering, the genius  
who invented the mechanical engine  
starter which first made the propo-  
sition a practical one when it was  
standardized on the Cadillac some  
years ago, and which is now being  
put on 70,000 machines a year, has  
been talking to his fellow motorists  
in America on the possibilities of  
the movement in the future, and es-  
pecially on the fact that, at the most,  
we are able to see an extremely  
short distance ahead.

If, after drawing a spark from  
the clouds and proving that light-  
ning and electricity are the same  
thing, Benjamin Franklin had writ-  
ten an essay on electric tramcars,  
such as everyone has occasion to use  
in the suburbs today, the chances  
are not few that he would have been  
put in a lunatic asylum, because in  
those days nobody could see any  
connection between getting a spark  
out of a kite and a modern suburban  
tramway system.

Mr. Kettering, who taught me a  
lot when I was in America, holds  
that today we are in much the same  
position in regard to many scientific  
processes. The advance steps we are  
planning will never become practical  
until we learn more than we  
know now.

"I think," he says, "the kite  
string of future developments is the  
progress already made in experimen-  
ting with radium." That is why he  
does not in the least doubt whether  
or not the world's supplies of  
petrol will hold out. "When the  
good Lord started this thing off  
He had it all planned," he observed,  
with characteristic American philo-  
sophy. "By the time we have run  
out of gasoline (American for pet-  
rol) it will be so worthless that we  
won't want it."

"Most of us will probably live to  
see the results of experimenting with  
radium—interatomic energy. The  
most peculiar property of radium is  
that if you put a bit of it in a little  
box and enclose it so that the heat  
does not affect it you will find that  
it is about one and one-half degrees  
hotter within than outside the box.  
There has been discovered a method  
of measuring just as simple as  
measuring one hundred-millionth  
part of an inch, which measure-  
ment shows that this radium is throwing  
off tiny particles at a speed of al-  
most the velocity of light."

"There is a pressure existing be-  
tween the individual atoms of my  
knife-blade equal to much more than  
100,000 pounds to the square inch,  
holding it together. For some reason  
the pressure acts the reverse  
way in the case of radium. It  
shoots radium out equal to the  
strength of the radium itself, which  
is equal to more than 100,000 lbs.  
per square inch."

Mr. Kettering holds that in that  
property of radium which shoots out  
particles with so much energy so  
many times a minute, we have the  
forerunner of some of the specta-  
cular things that will be done in the  
future of motor engineering.

It has been computed that in a  
piece of metal, such as iron, gold  
or silver, the size of a grain of corn  
there is stored up sufficient inter-  
atomic energy to furnish 2,000 horse  
power for 24 hours.

In the meantime, we certainly  
need fear no exhaustion of the  
world's supplies of motor spirit.

Those of us who do not look as far  
ahead as scientists of the calibre of  
Mr. Kettering can at least foresee  
that there will come a period in the  
evolution of road travel by horse-  
less vehicle when it will neither be  
necessary to generate the power on  
board the machine nor to prepare  
special highways for it.

## WEST VIRGINIA FACES A FINANCIAL CRISIS.

State Has a Vast Debt and a Present  
Deficit—Recent Court Decision  
Has Affected State's Finances.

Charleston, W. Va., July 1.—(With  
a deficit in the state's finances, esti-  
mated at \$624,000, not including  
\$550,000 of old appropriations not  
yet expended, the old debt to Vir-  
ginia, amounting to \$12,393,929.50,  
due today, the state of West Vir-  
ginia has reached a financial crisis  
unusual in American history. In  
addition to these troubles, the state  
at large is suffering from an excep-  
tional depression in business,  
brought about it is claimed by many  
by the wiping out of the liquor trifi-  
fic.

At the close of the fiscal year  
1912, the state had a surplus of  
\$592,000. Then came a strike that  
cost the state \$350,000, and later  
on came state-wide prohibition. Last  
month came the decision of the su-  
preme court of the United States  
that West Virginia is obligated to  
Virginia for over twelve millions,  
which represents her share of the  
liability for debt incurred by Vir-  
ginia prior to its participation in  
the Civil War, with interest to Ju-  
ly 1, 1915.

Finally, counsel for the state of  
Virginia has filed an application  
with the clerk of the U. S. Supreme  
Court, asking that a receiver be ap-  
pointed for this state to assess, levy,  
collect and pay to Virginia the obli-  
gations determined by the court's  
decision.

The excitement caused by the an-  
nouncement of the Supreme Court's  
decision that West Virginia must  
pay the allotted share of Virginia's  
debt, has in a measure died down,  
but there are many who believe in  
reputation of the debt. Coming  
just at this time, it has worked a  
hardship in the straightening out  
of the financial condition of the  
state's internal affairs.

The debt to Virginia is likely to  
be of political importance again, as  
it was some 35 years ago. At that  
time, the democrats took the position  
that the debt should be paid. There  
arose then a party of "readjusters",  
allied with the Republicans who  
swept into power and sent two of its  
leaders to the United States senate.  
There is a strong feeling already  
arising again that it may be possible  
to readjust the amount to be paid,  
involving a possible offer to pay the  
proportion of the debt, which  
amounts to something over four  
millions, and to reduce the balance  
of the award, which is represented  
in interest for 54 years. There are  
those who believe that the interest  
is altogether too large, and many  
who adhere to West Virginia's claim  
during the long controversy that the  
state was not obligated to pay in-  
terest on the debt.

Added to the troubles in regard  
to the Virginia award, is the further  
condition imposed by the Supreme  
Court that after today the state  
must pay interest at the rate of five  
per cent on the unpaid award.

The problem of where to put the  
additional taxation necessary to meet  
the state's financial needs is working  
order is the big subject of the hour,  
as it has been for a long time past.  
Governor Hatfield opposes further  
direct taxation and insists that the  
revenue formerly raised from the  
liquor trade should be shouldered  
by the corporations. In this he is  
opposed by the interests.

## AUTOMOBILES

J. H. Shirley of Clements Station  
came to the city yesterday in his  
Everett car.

Howard Cully of the northeast  
part of the county made a trip to  
the city yesterday in his Mitchell  
car.

R. W. Allen and wife and Mrs.  
Howard McCullough rode up to the  
city yesterday in Mr. Allen's Cadil-  
lac car.

A party of young men pulled up  
yesterday at Estaque's garage for  
auto supplies. They were Paul  
Brown, Roy Brown, Francis Brown,  
James Bedwell and Harold Young.  
They hailed from Marion, Ind., and  
were en route to San Francisco. All  
looked weather-beaten and bronzed,  
but they were in the best of spirits.  
They were riding in a Lambert car  
which looked as if it had seen good  
service, but seemed to be in perfect  
order and good for hard usage. The  
young men were fully equipped with  
tent, clothing, camping supplies and  
all the accessories of travel and said  
they camped wherever night over-  
took them and conditions were sat-  
isfactory.

M. F. Carey is doing some paint-  
ing on his houses.

These rains are fine for the farm  
horses, but hard on the ones used  
on the roads.

The bearded wheat has all fallen  
down but the smooth head is nearly  
all standing.

These rains are giving the farm-  
ers plenty of time to cut their  
wheat and trim their hedges.

Rev. C. G. Cantrel is expected to  
preach here Sunday afternoon at 3  
o'clock, July 4.

Mr. and Mrs. John Lockhart and  
children spent Sunday afternoon at  
the home of C. E. Bourne.

Chas. Roch visited in Jacksonville  
Sunday.

E. N. Hairgrove and family were  
in Jacksonville Saturday on busi-  
ness.

Misses Luceta Stice of Prentice  
and Rhoda Latham of Ashland were  
at Sunday school here Sunday.

Albert Crum and Tom Ward met  
at John Lockhart's Monday on busi-  
ness.

Some of the farmers are think-  
ing of putting up signs to keep the  
frog hunters out.

ELLIOTT STATE BANK.

All deposits made in the savings  
department of the Elliott State  
bank during the first ten days of  
July will draw interest from the  
first of the month.

## MOTHER OF SCHOOL GIRL

Tells How Lydia E. Pinkham's  
Vegetable Compound Re-  
stored Her Daugh-  
ter's Health.

Plover, Iowa.—"From a small child  
my 13 year old daughter had female  
weakness. I spoke  
to three doctors  
about it and they did  
not help her any.  
Lydia E. Pinkham's  
Vegetable Compound  
had been of great  
benefit to me, so I  
decided to have her  
give it a trial. She  
has taken five bot-  
tles of the Vegeta-  
ble Compound ac-  
cording to directions  
on the bottle and she  
is cured of this trouble.  
She was all run down  
when she started tak-  
ing the Compound and  
her periods did not  
come right. She was  
so poorly and weak  
that I often had to  
help her dress her-  
self, but now she is  
regular and is grow-  
ing strong and healthy."  
—Mrs. MARTIN HELVIG,  
Plover, Iowa.

Hundreds of such letters expressing  
gratitude for the good Lydia E. Pink-  
ham's Vegetable Compound has accom-  
plished are constantly being received,  
proving the reliability of this grand old  
remedy.

If you are ill do not drag along and  
continue to suffer day in and day out but  
at once take Lydia E. Pinkham's Vegeta-  
ble Compound, a woman's remedy for  
woman's ills.

If you want special advice write to  
Lydia E. Pinkham Medicine Co. (confi-  
dential) Lynn, Mass. Your letter will  
be opened, read and answered by a  
woman and held in strict confidence.

## PEORIA WOMAN TELLS EXPERIENCE

Mrs. W. L. McClellan, of Peoria,  
suffered torture from indigestion, gas,  
belching and other symptoms of stom-  
ach trouble. She spent large sums of  
money for doctors' advice and medi-  
cine. Still her condition did not im-  
prove. She found relief, wonderful,  
surprising relief in a drug store win-  
dow. This is her story, as she tells it:  
"I suffered so from distention and  
colicky pains that at times I was com-  
pletely incapacitated for my house-  
hold work. I saw a window display  
of Mayr's Wonderful Remedy and de-  
cided to purchase a bottle, which I  
did. I have taken only one bot-  
tle and the results have been really  
wonderful. I have not had a pain in  
my stomach since, and let me say  
that for the first time in many, many  
months, two days following I have had  
a natural movement of the bowels. I  
feel I cannot say enough for the re-  
markable virtues of your remedy."

Mayr's Wonderful Remedy gives per-  
manent results for stomach, liver and  
intestinal ailments. Eat as much and  
whatever you like. No more distress  
after eating, pressure of gas in the  
stomach and around the heart. Get one  
bottle of your druggist now and try it  
on an absolute guarantee—if not sat-  
isfactory money will be returned.

## LINCOLN JUBILEE NATIONAL HALF CENTURY EXPOSITION

Beginning on August 22d, and  
extending until September 16, the  
National Lincoln Jubilee Half Cen-  
tury Anniversary Exposition will be  
held in the Coliseum in Chicago.  
The event will be of interest locally  
from the fact that Mallory Brothers  
will have an exhibit in the exposition.

This exposition is being held for  
the purpose of showing to the world  
the wonderful progress made by  
the negro race in the half century  
that they have been free citizens.  
It is peculiarly fitting that Illinois,  
the state that gave to the union Lin-  
coln, Grant and Logan should lead  
in this epoch making event and be  
the host of the entire union.

The exposition will reveal to the  
country the achievements of the ne-  
gro race in the realms of Art, Sci-  
ence, Religion, Literature, Music,  
Commerce and Industry since 1865.  
Twelve different departments have  
been created, namely: Religion,  
Education, Industry, Social Progress,  
Music, Sociology, Military, Liberal  
Arts, Professional, Fraternal, Ath-  
letics and Miscellaneous.

Mallory Brothers will have a dis-  
play at the exposition. They have  
already arranged for the space.  
They expect to make an exhibit of  
their paraphernalia which they used  
while appearing with Williams and  
Walker and on the vaudeville stage.  
They also will show what they are  
doing in the way of business. It is  
probable that a large number of lo-  
cal colored citizens will attend the  
exposition.

### HAZEL DELL.

Several of the farmers are cutting  
their wheat this week.

Mr. and Mrs. Thomas Holmes of  
Yatesville were calling on Mr. and  
Mrs. M. C. Flinn Tuesday afternoon.

Miss Verah Flinn has returned  
to her home after a three week's  
visit with her cousin, Inez Zirkle,  
of near Litenberry.

Several of the young folks of our  
neighborhood attended the dance  
Tuesday night at Prentice.

Miss Ethel Flinn went to Pleas-  
ant Plains Saturday evening to at-  
tend the dance at Jesse Scotts and  
all had a nice time. A luncheon  
was served at 12 o'clock.

Mr. and Mrs. Carpenter spent  
Sunday with Mr. and Mrs. Everett  
Gates.

Miss Sidney Robinson and Emma  
Foster spent the afternoon at M.  
C. Flinn's Thursday.

Miss Ethel Flinn has returned to  
her home after a few days visit with  
Mrs. Jesse Scott of Pleasant Plains.  
Mrs. Samuel Parrott and daugh-  
ter Grace spent Wednesday with  
Mrs. Kate Stewart.

Men and women whose hair and  
scalp are excessively only suffer  
more in the warmer months than at  
any other time. The summer's dust  
and dirt mingle with dandruff, cling  
to the oily hair and scalp, clog the  
scalp pores, stifle the hair roots and  
make proper cleansing almost im-  
possible.

Parisian Sage is an ideal treat-  
ment for this trouble. Wash the hair  
not oftener than once a week but  
use Parisian Sage twice daily, pour-  
ing a little into the palm of hair and  
rubbing briskly right into the scalp  
with the finger tips. It drives out  
dandruff, dissolves the excess oil  
and stimulates the scalp into healthy  
normal action. Sold by Coover and  
Shreve and leading druggists every-  
where.

### OAK RIDGE.

B. A. Johnson was in Jacksonville  
Saturday.

Most of the boys from the brush  
attended the ice cream social given  
at Prentice Saturday night.

Edward McCarty and Wm. Sam-  
ples were calling on Johnson's Sun-  
day evening.

Mr. Wick is sick.

R. F. Willis and sons Garret and  
George of Litenberry were calling on  
friends in the neighborhood Sunday  
afternoon.

M. F. Carey is doing some paint-  
ing on his houses.

These rains are fine for the farm  
horses, but hard on the ones used  
on the roads.

The bearded wheat has all fallen  
down but the smooth head is nearly  
all standing.

These rains are giving the farm-  
ers plenty of time to cut their  
wheat and trim their hedges.

Rev. C. G. Cantrel is expected to  
preach here Sunday afternoon at 3  
o'clock, July 4.

Mr. and Mrs. John Lockhart and  
children spent Sunday afternoon at  
the home of C. E. Bourne.

Chas. Roch visited in Jacksonville  
Sunday.

E. N. Hairgrove and family were  
in Jacksonville Saturday on busi-  
ness.

Misses Luceta Stice of Prentice  
and Rhoda Latham of Ashland were  
at Sunday school here Sunday.

Albert Crum and Tom Ward met  
at John Lockhart's Monday on busi-  
ness.

Some of the farmers are think-  
ing of putting up signs to keep the  
frog hunters out.

### GRACE CHAPEL.

Everybody is cordially invited to  
attend a flag day exercise at Grace  
Chapel Sunday, July 4. There will  
be services both morning and after-  
noon with dinner at noon on the  
lawn. Rev. Walter E. Spoons and  
others will be present to speak on  
this occasion. Come, bring baskets  
and well filled and spend the day with  
us.

Fred Braner, wife and Mrs. Vor-  
hies were Jacksonville shoppers  
Monday afternoon.

Mrs. Lula Dawson spent Monday  
afternoon at Fred Braner's.

Bud Daniels, wife and family vis-  
ited at Lone Oak with Mr. Daniel's  
son recently.

Mrs. Margaret Smith called on  
Mrs. Dan Vorhies Sunday after-  
noon.

Harry Braner and wife and Marie  
Loughary visited at the home of  
Mrs. Hannah Braner Sunday.

J. O. Kennedy was a business  
caller in Jacksonville Tuesday af-  
ternoon.

Wm. Ater and wife visited with  
Aunt Virginia Bridgman's last Fri-  
day.

## BITS OF NEWS

—The Macoupin creek near Jerse-  
ville has overflowed its banks for  
the third time this season. The  
wheat in the shock on many farms  
was carried to the Illinois river.  
Corn in that section has been plant-  
ed in some instances three times.

—Frederick B. Hartley, son of an  
old Chicago and Alton man on this  
division who had been training for  
the navy at Bremerton, Wash., train-  
ing yard was buried in Kansas City  
recently with honors.

—A Wisconsin university press bul-  
letin states that 42,786 persons have  
been killed or injured by 4th of July  
celebrations in the United States  
during the past twelve years. For  
the last three or four years the  
number of injured has been cut  
down greatly.

—Jesse H. Newlon, principal of the  
Decatur High School has been offer-  
ed a flattering proposition in Kan-  
sas City, Kan., as high school prin-  
cipal. In lieu of this the Decatur  
school has offered him an increase  
of \$200 with a promise of \$3,000  
for the following year. Mr. New-  
lon is president of the high school  
state athletic association.

—Further proof of the feeling be-  
tween Chief of Police Wilbur Morris  
of Springfield and Night Ser-  
geant Carson W. Dulaney was made  
evident when the chief refused to  
Dulaney permission to assume his  
duties after he had been exonerated  
of the recent charges placed against  
him by the chief.

—Mrs. Suzanna Faust of Rock Is-  
land in suing for a divorce declared  
that she had reared nineteen chil-  
dren and that her husband had de-  
serted her in 1906. Of the nineteen  
children born there were three sets  
of twins.

—Subscriptions for the new Meth-  
odist church for Carmargo, now  
amounts to over \$10,025. A contract  
will be let at once for the building

which will cost not less than \$12-  
500. Some are in favor of making  
this amount \$20,000.

—A refusal of the city council of  
Decatur to meet the school board  
half way in having supervised play-  
grounds in Decatur this summer will  
not put a stop to the project, as  
the board means to go ahead and  
do what it can on \$500.

—Ellis Crawford residing east of  
McLean was the victim of an un-  
usual accident. He was driving his  
automobile along the highway when  
a swarm of humble bees dashed  
across the front of the car. They  
attacked his wife who was in the  
front seat also, and as a result the  
driver lost control and ran the car  
in a ditch.

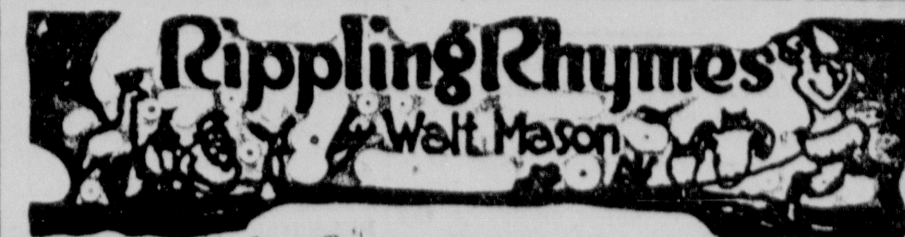

—Papers of incorporation for the  
Farmers' Bluffs Telephone company  
have been filed in the recorder's of-  
fice in Quincy. The company is cap-  
italized at \$4,000. The main of-  
fice of the company will be at Kin-  
derhook.

—Rev. M. N. Baker of Decatur holds  
the record in that county for per-  
forming the most marriages in a  
single family. He married Samuel  
A. Price and Laura B. Cox in 1889  
and during the time since has mar-  
ried their five daughters.

—Francis Godar of Degerlia found  
a valuable pearl while cooking out  
shells. It weighed 23 grains and is  
in perfect condition. It is said to  
be worth \$500.

—The Chicago and Alton railroad  
will observe Monday, July 5th as  
the national holiday. Orders have  
been issued to suspend all local  
freights on that day except the air  
line, the Carrollton branch, Lacon  
line and the Rutledge line.

The C. W. B. M. Auxiliary of the  
Central Christian Church will meet  
Friday, July 2nd. Topic, "Service  
for the Multitude." Report of the  
District Convention will be given by  
Mrs. Geo. Peck. Every member is  
urged to be present.

## THE FIGHTING NATIONS

"Another nation takes up arms", and trades its peace for war's  
alarms, and all of war's atrocity; why do all countries wish to scrap  
and thus incarnadine them ap? They have of sense a  
paucity. The latest comer to the fray is welcomed  
with a "Hip, hooray! Come on! The more the mer-  
rier! The foe has blood that should be spilled, and  
hosts of men who should be killed, so dig in like a  
terrier!" The farmer leaves his fields of grain, his  
useful labors, safe and sane, the smith becomes a  
warrior, from every trade and helpful art, for crim-  
son fields the men depart—alas, the more the sorrier.  
What ails the nations of the earth, that they forsake  
all things of worth, an think they will be happier,  
when wading to the knees in gore, and piling dead  
on every shore, each moment growing scrapper? Is  
madness epidemic now, that every king will trade his  
plow for something he can slaughter with, that  
where the harvests used to grow, red Death is stalking to and fro,  
pale Famine, his dread daughter, with? If I were king I would sit  
tight; I'd surely be too proud to fight", though called an also ran  
again; if I had rude rambunctious foes, I think I'd let them pull my  
nose, before I'd start shenanigans.

Harry Braner and wife and Marie  
Loughary visited at the home of  
Mrs. Hannah Braner Sunday.  
J. O. Kennedy was a business  
caller in Jacksonville Tuesday af-  
ternoon.  
Wm. Ater and wife visited with  
Aunt Virginia Bridgman's last Fri-  
day.

## PIRATES ADMINISTER SHUTOUT TO CHICAGO

MAMAUX HOLDS CUBS TO FOUR HITS.

Pittsburgh's Long Hits, Daring Base Running and Some Erratic Fielding by Chicagoans Gives Pirates Their Runs.

Chicago, July 1.—Pitcher Mamaux of Pittsburgh shutout Chicago by holding the locals to four scattered hits, Pittsburgh's long hits, daring base running and some erratic fielding by the locals gave the visitors their runs.

Main and Easterly; Marion, Wilson and Simon.									
The Ashland Merchants and the Springfield Independents are having a merry time with a series of games the two teams are playing. It would seem that each team is afraid of getting double feroessed in the series. The other day the teams signed an agreement that no player could take part in a game between the two teams unless he had played a full game with one of the contestants. It is said that one of the teams had figured on getting Jasper to pitch but this will put him out of the business.

St. Joseph 3; Sioux City 1.  
Topeka 2-5; Lincoln 7-3.

## WHALES DEFEAT NEWARK IN TWELVE INNING CONTEST

Ruelbach Goes to Pieces in the Final Round and Allows Chicago to Score Three Runs.

Newark, July 1.—Chicago defeated Newark in twelve innings. The game was a pitchers' battle. Ruelbach went to pieces in the final round.  
Score: R. H. E.  
Chicago .000 000 000 003—3 9 1  
Newark .000 000 000 002—2 10 1  
Black, Brown and Fischer; Ruelbach and Rariden.  
Pittsburgh, 0-13; Baltimore, 6-5.  
Baltimore, July 1.—Pittsburgh and Baltimore split even this afternoon. To Johnson goes the credit for the first shutout pitched by a Baltimore twirler this season.  
Score: R. H. E.  
First game  
Pittsburgh .000 000 000—0 4 0  
Baltimore .410 100 00x—6 8 1  
Allen, Hearne and O'Connor; Johnson and Jacklitsen.  
Second game  
Pittsburgh .111 321 121—13 18 3  
Baltimore .030 000 101—5 9 2  
Knetzer and Berry; Bailey, Conley and Owens.  
St. Louis, 1-13; Buffalo, 4-0.  
Buffalo, July 1.—St. Louis divided a double bill with Buffalo, the former team won the opening game because three of its six hits were bunched in the seventh inning, the last of these a triple by Meyers.  
Score: R. H. E.  
First game:  
St. Louis .100 000 000—1 7 0  
Buffalo .000 000 40x—4 6 0  
Plank and Hartley; Schulz and Blair.  
Second game:  
St. Louis .220 000 207—13 15 0  
Buffalo .000 000 000—0 6 1  
Davenport and Hartley; Bedient, LeClair, Ehmeke and Blair.

The Sox surely are going some and in their last few games they have demonstrated that they are a fighting team by coming from behind and winning.

## SCOTT HOLDS TIGERS TO FOUR HITS AND WINS

COBB IS ONLY MAN LEFT ON BASE.

In Six of the Nine Innings the Detroiters Retired in One, Two, Three Order.

Detroit, July 1.—Scott outpitched Coveleskie and Chicago defeated Detroit. In six of the nine innings the Tigers were retired one, two, three, and Cobb, who singled in the ninth with two out, was the only man left on base.

St. Louis, July 1.—With the bases full Smith tripled, bringing in three of the five runs with which Cleveland won its opening game from St. Louis. A few minutes before O'Neill and Southworth had scored when James missed Chapman's pop fly and threw past Severoid.  
Score: R. H. E.  
Cleveland .005 000 000—5 5 2  
St. Louis .100 000 010—2 9 3  
Batteries—Morton and O'Neill; James, Perryman, McCob and Severoid.

Mrs. S. W. Heaton has returned from a five month's visit in the west. She made the home of her son, Henry Heaton of Los Angeles, her headquarters while she visited many of her friends in the west, and speaks in glowing tones of the Panama exposition. Yet the old familiar faces of Illinois are of great comfort to her.

Mr. and Mrs. Roy McKinney were visiting in Durbin last Sunday. Miss Virginia Gordon wounded her feet by turning over a pan of hot candy on them last Saturday. D. G. Goveia remains about the same.

Mr. and Mrs. Scott Gordon Mrs. Edgar Gibbs and daughter Wellie, also Wilbur Gibbs from our vicinity attended the children's services at Hart school house last Sunday.

A. B. McKinney and C. H. Gibbs made a personal canvass of the members and friends of the Christian church and the result is the finance is put in splendid condition. The Christian church parsonage is being repaired by John Stevenson.

Dr. Jones and family were visiting at the home of Mrs. Jones' parents, Mr. and Mrs. J. H. Campbell, last Friday.

## "MORNING GLANCES" (By Gosh)

The Pirates beat the Cubs on their own dunghill yesterday by a score of 4 to 0. Mamaux held the Cubs to four scattered hits.

Baird, formerly of the Springfield Three Eye league team, is playing third for the Pirates.

The Reds trimmed the Cardinals yesterday by a score of 5 to 4. The Reds seem to be going good and are upsetting some of the best teams in the old league.

Brooklyn beat the Giants yesterday by a score of 9 to 2. The Dodgers hit both Teseraund and Schauer hard.

New York lost to Washington Thursday by a score of 5 to 2. The Senators hit Fischer hard while Gallia was effective in the pinches.

Cleveland beat St. Louis in the American by a score of 5 to 2. A triple by Smith bringing in three runs was the cause of Cleveland's victory.

The Terrapins and the Stogies in the Federal league divided a double header yesterday. Baltimore won the first 6 to 0 while Pittsburgh won the second 12 to 5. Pittsburgh made eighteen hits in the second game.

St. Louis and Buffalo also divided a double bill Buffalo winning the first and St. Louis the second. The Buffeds beat Eddie Plank in the first 4 to 1. In the second Davenport shut out the Buffalo team.

Brooklyn lost both games of a double header to Kansas City Thursday. Benny Kauff who achieved more or less notoriety this season by attempting to jump to the Giants was out of the game over a difference of salary. It is claimed that his absence is the cause of the loss of the games.

# Business Cards

**Dr. Alpha B. Applebee**

## WORLD'S MARKET NEWS

### ESTIMATES OF BIG HARVEST CAUSE UNSETTLED MARKET

Trade Seems Inclined to Accept Figures on Prospective Yield as Reasonably Correct—Corn and Oats Gain.

Chicago, July 1.—Estimates that the United States would harvest 9,000,000 bushels more in 1915 than was expected a month ago had a restraining influence today on bullish sentiment regarding wheat. The outcome was an unsettled close at a shade off to 1/4c advance, compared with last night. Corn gained 1/4c to 3/4c net and oats 1/4c to 3/4c. The finish in provisions varied from 1/4c off to an equal upturn.

Although the figures on the prospective yield of wheat were unofficial, the trade generally seemed inclined to accept them as reasonably correct. The conclusion was drawn in some quarters that North America during the coming year would be capable of exporting 600,000,000 bushels, as compared with 440,000,000 bushels during the twelve months ended June 30. Under such conditions higher prices which had been reached soon after the opening failed to be maintained. The chief basis of the advance was the announcement that the steamship Armenian, sunk by a German submarine, was engaged in British admiralty business at least temporarily. This development as to the Armenian had a distinct reassuring effect and stimulated considerable buying.

For the only time on record the first day of July passed without any heavy having been delivered here to fill contracts specifying the current month. Stocks of old wheat were reported as unusually small and a single car of the new crop is all that has yet been received in Chicago. In the lone car which came from the southernmost part of Illinois and graded as No. 3 red, was promptly bought by a local mill at the rate of \$1.16 a bushel.

Good shipping demand, together with virtual absence of deliveries on July contracts tended to strengthen corn. There was something of an offset, though, in a published estimate that the planted territory this season exceeded that of last year by 1,400,000 acres.

Oats showed firmness on account of an active call from the seaboard. Besides wet weather was said to be delaying the harvest.

**Baby of Future is Considered**

Much thought has been given in late years to the subject of maternity. In the cities there are maternity hospitals equipped with modern methods. But most women prefer their own homes and in the towns and villages must prefer them. And since this is true we know from the great many splendid letters written on the subject that our "Mother's Friend" is a great help to expectant mothers. They write of the wonderful relief, how it seemed to allow the muscles to expand without undue strain and what a splendid influence it was on the nervous system. Such helps as "Mother's Friend" and the broader knowledge of them should have a helpful influence upon babies of the future. Science says that an infant derives its sense and builds its character from cutaneous impressions. And a tranquil mother certainly will transmit a more healthful influence than if she is extremely nervous from undue pain. This is what a host of women believe who used "Mother's Friend" during their period of expectancy. These points are more thoroughly explained in a little book mailed free. "Mother's Friend" is sold in all drug stores and highly recommended for its timely usefulness, its safety and the real help it affords. Ask for it at the store and write us for the book. Bradfield Regulator Co., 511 Lamar Bldg., Atlanta, Ga. The effect of this splendid external application is an expression of the thousands of women who have successfully used it and recommended it through two generations.

### FOREIGN CORRESPONDENCE

(By The Associated Press.)

Dunkirk, June — The airman who located the 15-inch German gun that bombarded Dunkirk succeeded by only the narrowest margin in bringing information in. Several pilots and observers, French and English, volunteered for this service. The honor fell to a biplane with a pilot designated by permission of the censor at Monsieur M., with Monsieur H. as observer. Four other machines with their crews were ready to follow in case the first should not come back.

The second volunteer was about to take to the air when a speck appeared in the distance, rapidly growing larger, but wobbling like a wounded bird struggling to maintain its equilibrium. Suddenly it slipped down rapidly some hundreds of yards. The waiting pilots watched with blanched faces until the machine righted itself; it was still descending very rapidly and the allies' lines were still a thousand yards away.

"It's all up with her," said one pilot; "she'll land inside their lines." The biplane then made a sudden lurch upward a hundred yards, then came down again more precipitately than before. It was this last desperate attempt that lifted her over the lines; she landed just behind the allies' trenches. The Germans opened a hot fire, but a sharp attack by the French drove them out of their first line of trenches and the biplane was hauled back into safety with its great secret.

Flying at a height of 2,200 yards, the biplane had gone about 12 miles behind the German lines. There the observer saw some new earthworks and at the same moment a storm of shrapnel burst around the machine; a shell carried away part of the tail and tore a large hole in the lower plane. The observer, however, had time to locate a deep ditch roofed over with concrete from which peeped the gaping mouth of the big gun that was sending half-ton shells into Dunkirk.

The aviator was bleeding profusely from a wound in the stomach when he landed, but he had the energy to make a clear, comprehensive report. He said, "I am satisfied," and then died.

A few hours later the French artillery had located the German gun and were reducing its concrete armor.

London, June — An English literary man who has been studying the street games of the children in the London slums, has compiled a list of 500 games at present in use. He finds that the boys have 40 varieties of leap-frog, while the girls have 60 games connected with the skipping rope. There are 33 modifications of "tag" and twenty games founded on the use of cigarette pictures.

Many of the games which are characterized as most popular among English children are absolutely unfamiliar, even in name, to Americans. For instance, Dead Man Rise, Blind Donkey, Swimming in Blue Waters, Daddy Red Cap, Beggar Girl and Knocking Ginger Out of Bed.

The student of games finds several of the London games originated in China many centuries ago. Many of the best of the games are connected with the use of stones or mud.

London, June — (Correspondence of the Associated Press.)—Elaborate plans for defending positions subject to gas attack are being pushed to completion by a special committee of experts at the British war office. For the artillerymen and machine men suits of "armor" are being modeled after the suits worn by divers or colliery fire-fighting experts.

The helmets will provide a complete cover for the head, with mica windows for the eyes and a heavy respirator covering the mouth and nose, and supplied with a constant dampening of chemical from a small tin reservoir under the hat. Clad in this equipment the machine guns and artillery can maintain a position even if the infantry has to retire.

For the infantrymen, the crude respirators at first supplied are now being replaced by hoods like the so-called Baklava helmets. A flap covers the face, mica windows being inserted to protect the eyes, while the respirator pad is of cotton waste and large enough to last for an hour without replacing. Each soldier will carry two extra pads, enabling him to remain in his trench position for three hours under ordinary circumstances.

A chew of tobacco in time has saved many a soldier's life during German gas attacks, according to a corporal of Canadian artillery in a letter to the Rev. C. R. Durrant of Preston rectory, Suffolk. He gives his reasons as follows: "Gas makes the air green and yellow and it chokes and poisons a man where he stands. The first time we began to feel pretty choky at the guns and wondered if tobacco would help us. We thought we would try it and put a big chew in our mouths. It made us spit the gas up. Now when we notice this gas in the air we just take a chew of tobacco."

London, June — The most autocratic powers have been given to the new board to regulate the liquor traffic. The board can not only shut up any saloon it pleases, but pull it down or convert it into a restaurant if it chooses and dilute the kind of drinks to be sold and the hours in which they may be sold. It even supervises clubs.

Lord D'Abernon, the chairman, is a well known financial expert, having been financial adviser to the Egyptian government and governor of the Imperial Ottoman bank at Constantinople, among other positions. Major Waldorf Astor, son of the Anglo-American millionaire, has

taken great interest in questions of health and medical research, but stands on the board as official representative of the war department. Sir William Lever, who has built a model settlement for working people, and John Denny of the big Clyde ship building firm, are chief among the representatives of the employers, while John Hodge, M. P., and Philip Snowden represent labor. W. Towle, manager of a line of hotels, looks after the liquor trade. All sides and interests are regulated and the members seem to work harmoniously.

London, June — Several hundred wounded Australian soldiers from the Dardanelles are now in England and have been quartered in various military hospitals and sanitariums. A committee of Australians resident in England has been formed to visit them and provide as far as possible for their wants. They all concur in describing the Turk as a first-class fighting man, except where the bayonet is concerned.

Although the percentage of wounded in the Dardanelles is very heavy, considered in relation to the number of men engaged, they say this is somewhat mitigated by the unusually large proportion of minor injuries. An explanation of this is that it is due to the preponderance of rifle and shrapnel there as opposed to the terrible injuries inflicted by high explosives in Belgium and France. Another ameliorating factor is the dry climate and sterile, non-infectious character of the soil.

Berne, Switzerland, June — (Correspondence of the Associated Press.)—The Swiss army, in the opinion of the Swiss federal council, is the most efficient, most economically managed and most democratic in Europe.

Its efficiency is evidenced by the fact that at the beginning of the European war this little nation of less than 4,000,000 inhabitants had completed the mobilization of her army before either Germany or France. In the first week of war she was able to post on her frontiers over 250,000 trained soldiers, a larger force than Great Britain was able to throw into Belgium after many weeks of arduous labor.

The Swiss army is in the strictest sense a democratic service. Every would-be officer starts as a private with the ordinary recruit's course, and promotion to the commissioned and non-commissioned ranks is by merit and not by seniority, except that it is conditioned on four years service in each rank. There are no generals in the army except in time of war, the highest peace time rank being that of Colonel. The general appointed at the beginning of the present mobilization is the first which Switzerland has had since 1870, when the republic asserted its neutrality by disarming and internment of the army of the French General Bourbaki, which was forced over the frontier.

Switzerland has universal military service, along with such modern ideas as the referendum and initiative. Every male Swiss citizen is a potential soldier and those who for reasons of health or otherwise are excused from the usual course of military training must pay a special tax and must also be enrolled in the "supplementary service" army. The striking force of the army consists of about 300,000 men, divided into three classes—the Elite men of 20 to 32 years; the Landwehr, 33 to 40 years; and the Landsturm, 40 to 48. The supplementary services number 120,000, making a total fighting force of half a million men, or one-eighth of the entire population.

The military training begins with gymnastic drill and rifle practice in the public schools. Between the ages of 20 and 30 the young man gets a regular yearly period of training, ten to twelve weeks the first year and about a fortnight for the seven following years, when he passes into the Landwehr. The Landwehr is called out for eleven days' training every four years. The Landsturm is only called in time of war.

Rich and poor serve side by side in the ranks. There are no "fashionable" regiments. Officers are given supplemental training in the schools at Thun or Basel, but there are no war colleges like West Point.

Every soldier when he is out of training keeps his rifle and equipment in his own house, and he is encouraged to keep his marksmanship up to requirements by constant practice. Rifle shooting, in fact, is the great national pastime, and visitors to Switzerland always note the sound of gunfire on Sundays, holidays and saints' days.

No one is paid for his service in peace time, as a soldier. Of the officers, only the few who are on the general staff receive remuneration, and their pay is small. In time of war the commander-in-chief is by law entitled to \$10 a day, while the private receives about 15 cents.

There are six divisions or army corps in the army. The first and second divisions consist of French-speaking citizens; the third, fourth and fifth are from German-speaking sections; the sixth is Italian. At the beginning of the war all six divisions were mobilized, at present only the second, fourth and sixth are under arms.

Berlin, June — A garden city for invalid officers who have been permanently injured in action is to be built at Moser, a small town near Madgeburg. An organization of influential men has bought a picturesque tract of country for this purpose in the Niegrip forest and villas of varying size and architecture are to be built, care being taken that each villa has an ample yard and a pleasant view. The central organization will turn these houses over to invalid officers and their families at a nominal rental, the understanding being that the invalids, by giving aid in view of their patriotic obligations. The empress and crown princess are among the supporters of the plan.

### Agricultural News

Valuable to Farmers

## WAR EFFECTS PRICES FOR FARM PRODUCTS

### BIG CONFLICT ABROAD CAUSE OF SOME HIGH FIGURES.

David Starr Jordan Declares Great Losses in Europe Will Not Mean Permanent Benefits for American Farmer—Loss of So Many Lives Means Smaller Consumption.

David Starr Jordan, Chancellor of Stanford University, (In view of the present strained relations of the United States with one or more foreign countries, citizens of Illinois should read this article of Dr. Jordan with care and consideration.—Editor.)

On the seal of the federal department of agriculture are these words: "Agriculture is the foundation of manufacture and commerce." The foundation of agriculture is security and justice. When these are taken away, as they are in war, the whole fabric, dependent on the farmer, is destroyed.

The American farmer of today is wondering what the war is going to do to him. Temporarily, it raises some prices; also it has lowered others and has closed markets to him. Permanently there is only loss, for the farmer of America gains nothing through the loss of the farmers of Europe, because whatever harms the prosperity of one part of the world harms all. For part of the products, for a short time, the American farmer may get a little more, but when a million men are killed their demands on their fellow men cease and the market for the things they need dies with them. Right now two great staples are almost unmarketable; cotton is a drug on the market; potatoes do not move from the farm cellar.

Then, too, war takes money, and money which goes for ammunition can not be spent for food. Whoever buys the American farmer must have the price of the purchase. War there is a demand for luxuries. California fancy fruit goes begging in European markets. Alabamian pippins from Virginia are no longer the fashion in London. No one thinks of buying them when the continent is burning and when cheap food is sought because the costs of the war are so dear.

Contrast those conditions which have known peace and security with those which have not. Under the flag where hatred dies away, the farmer feels absolutely certain to care for his crops in security and in the evening of the day or the year or the lifetime to be able to toast his toes by the fireside in perfect serenity.

For the other extreme we may go to another land, Macedonia. It has been a Christian land since the days of St. Paul, who wrote an epistle to the church of its capital city, the Thessalonians of his day, now the people of Thessalonike. Aristotle was born in Macedonia, and so, also, was Alexander the Great. On his field of Philippi Roman freedom went down, with Brutus and Cassius, before the imperialism of Caesar and Antony. And since the days of Alexander and Caesar, Macedonia has not known security or justice. It has known the march and the countermarch of war—Romans, Greeks, Turks, Bulgarians, Serbians, Italians and Greeks.

The soldier and the farmer—the two cannot occupy the same lands. The soldier stands for might and violence. The farmer needs justice and security.

The Chinese have a proverb that "where armies quarter, thorns and thistles grow," and armies have quartered in Macedonia for twenty centuries. And for this reason there can be no good farms. The cattle are warlike and give but little milk. They are used, with the primitive European buffalo, as beasts of burden. Horses are few and small and mostly vicious. The sheep, the same breed they had in Judea in bible times, are handsome and active, but carry very little wool; a couple of pounds a year would be a big average. There would be no use in improving the stock when the soldiers may come any minute. And between bands of robbers come the bands of brigands. A brigand in Macedonia is in Mexico, Korea and China, is a farmer who has quit.

The farmer is in the best position to draw conclusions as to what war must mean in the decadence of the human race, because he has studied the effects from breeding for fine qualities in both plant and animal life. When the farmer wishes to raise a good crop of corn he chooses the best ears for seed. When he wishes to improve his herds he selects the best individuals after thorough tests. Farmers use various methods of testing to find which cows yield the most milk, and from this they develop a milk-producing strain. The same thing is true in regard to chickens, which may be bred to increase their egg production or their size and quality for the table. In both of these cases the scrubs and inferior individuals are killed off.

In war, however, the process is exactly reversed, and instead of a natural selection of the best, there is an unnatural selection of the worst. When nations decree that the best use for man is to make him "food for cannon," national glory is another name for national weakness. If in war the weakest and poorest were selected for military service, it might be a good process, but in war it is a lot from

Regular Weekly Feature of the Jacksonville Journal.

### Notes On Live Farm Themes

#### Two Farm Tractor Demonstrations This Summer.

Farmers throughout the state who are turning their attention to machines for supplying more power on their farms will be interested to learn that two demonstrations on a large scale will be held during August.

The first announced is termed the "Middle West Tractor Farming Demonstration," and is called for August 23 to 28, 1915, at Bloomington, Illinois. It is organized and managed by the Farmers' Review, a paper of Chicago, and held under the auspices of the Bloomington Commercial club. It is expected that several hundred acres of land will be plowed by many different tractors, giving an opportunity for farmers to study the farm tractor in actual operation.

The other demonstration is to be held near Champaign, August 3, 4, 5 and 6, 1915, and is termed "Illinois Tractor Demonstration." It is under the management of three farm papers of Chicago. The management is planning to have several hundred acres of Champaign county soil turned over by the tractors represented in order that farmers may study the tractor problem from various angles.

Details in regard to the Bloomington demonstration may be obtained by addressing Farmers' Review, 14 East Jackson boulevard, Chicago; in regard to Champaign demonstration from "Illinois Tractor Demonstration," 1522 Michigan boulevard, Chicago.

#### How to Reach the Public With Agricultural Information.

Agricultural college editors from twenty or more states are considering the above general subject in a conference at the University of Wisconsin, Madison, Wis., this week, on June 24 and 25, to be exact.

Among the speakers are: G. W. Wharton, chief, office of information U. S. Department of Agriculture, who will discuss the subject, "Getting Agricultural Information to the People Who Can Use It"; Mr. Forrest Crissey of Illinois, well-known agricultural writer, will state his opinion of "The Value of the Accurate and Interesting Agricultural Article in Newspapers and Journals of the Country"; and Mr. Charles Dillon of Kansas, managing editor of the Capper publications (some nine farm papers) will speak from experience on "Source of News and What is News From a College of Agriculture."

The above are only a few of the five subjects discussed and the above mentioned men are a few only of the wide-awake editors in attendance.

The American Association of Agricultural College Editors originated two years ago at the Illinois College of Agriculture on the call of the present editor of the college. The association has grown from a membership of five to a membership of twenty-five, representing twenty or more states, the U. S. Department of Agriculture and various agricultural experiment stations.

#### Demand for Horses.

The prices for horses are very likely to increase during the next year or two providing the market is affected as it usually is by a decided decrease in the supply.

The European war has caused a great increase in the export of horses. There is a total increase of over 35,000,000 in the past five months. It is interesting to compare the export of horses with that of automobiles. The export figures for March show an increase of \$7,662,226 in the value of horses over March of last year, while the in-

crease in automobile exports amounted to \$4,661,631. It is the ordinary horse that is being taken out of the country. The breeding of good horses should be a good business in the immediate future.

On the other hand, farmers who are well established should investigate the possibilities of supplementing horse power with traction power. In this connection see the announcement of two important tractor demonstrations this summer on another part of this page.

#### Service of University of Illinois to the State—In Agriculture.

"I am an engineer myself," said Mr. Spencer Otis of Chicago last week at a conference on "The Service of the university to the state," and have to do with the manufacture of a good many things and the building of the plants for their manufacture, but as far as I know, the farmer, the great manufacturer of food products, is the only one who may have first class, disinterested expert advice for the asking. After Mr. Farmer's plant has improved to a point where it can be worked at a profit, and he has gotten well enough off so that he can spare his boy or girl for a four year course, the university will not only educate him from text-books, but will show him as he goes along how to use practically what he has learned. Or he can take a short course each winter for a number of years. I am a great believer in the short course for the boy or girl who really wants to learn the facts of agriculture, who works during the year and takes a short course with the determination to find out the reason for the things he has seen. In a sense such an education is narrow, but it is eminently practical.

I have made it a practice for a number of years to send one or two bright boys who have worked during the year to a short course in the winter, and it certainly pays not only the boy, but his employer."

#### A Possible Billion Bushel Wheat Yield.

Conservative estimates from the federal department of agriculture indicate a yield of 950,000,000 bushels of wheat this year. If the weather is favorable and the bugs are not too numerous or too energetic, it is possible that a billion bushels of wheat may be threshed into the bin. If 950,000,000 bushels, the present indicated yield, is harvested, it will mean an excess of \$274,000,000 bushels over the five-year average.

Will it not be wiser for American farmers and their sons to spend their time and energies in harvesting this magnificent crop rather than in training for war?

#### Hay Cans for Clover and Alfalfa.

Uncertain weather during clover and alfalfa harvest seasons often makes it impossible to make good hay of either crop. Either crop makes the best hay if it is allowed to cure in the cock, but one or two rains during this period will almost ruin it. This is especially true if the hay is about half cured. The use of hay cans provides rather a cheap insurance against rains, and it is a wise precaution to have at least enough for the clover and alfalfa crops. They may not be needed, and if not, so much the better. During a favorable season they might not be needed, but if a rainy period should come shortly after cutting the crops, the hay cans would be needed, and the protection of having them on hand probably would be worth the cost of the cans. Profitable use could be made of them at least once every three or four years. Wallace's Farmer.

#### HOME PROBLEMS GREATER THAN THOSE OF HOUSE

The Mother Has the Most Important Business in the World—Cleaning and Cooking Must Not Shut Out Guiding Work.

Problems of the house seem so insistent that too often they overshadow the greater problems of the home. When cooking, cleaning, sewing they occasion leave no time for cheering, encouraging, loving and guiding, the home maker needs to take stock for conditions and reorganize on a new basis of values, considering "What is worth while?" The homemaker, the mother, has the most important business in the world—furnishing the world's citizenship—and it is she who so largely determines what the character of that citizenship is to be.

Now, in every well-conducted business, the plant is carefully modeled to perfect the quality of the output. And that should be the deciding motive in home problems. Is there any sensible reason why a woman cannot acquire business judgment? In all candor, are not husband and wife equal partners? Then why should not the wife know the source and extent of the family income, and ought she not have equal rights in dispensing it, instead of having it floted out to her in meagerly amounts?

On the other hand, with free use

### MEDICAL PICNICS ARRANGED FOR THE SUMMER MONTHS

Famous Surgeon Dr. George W. Crile of Cleveland Will Be Guest of Morgan and Cass County Physicians at Black Farm, Aug. 12.

Dr. George Stacy, president of the Morgan County Medical society, and Dr. A. J. Day of Virginia, president of the Cass County Medical society, are busy these days making arrangements for the semi-social summer meetings of their societies. Early in July the physicians of Franklin will entertain the members of the Morgan county society at a picnic meeting to be held in Franklin and the last week in July members of the Morgan county society will join with the physicians of Macoupin and Greene county in a joint meeting at Palmyra. The Cass county society is arranging a special meeting for July 14th. The advent of the automobile makes such meetings possible especially to physicians, most of whom are auto owners. Auto medical meetings are becoming quite the thing.

For several years Dr. and Mrs. Carl E. Black have been hosts to a joint meeting and basket picnic of the physicians and their families of Morgan and Cass counties, at the Black farm near Virginia in Cass county. Yesterday Dr. Black had a letter from Dr. George W. Crile of Cleveland, O., saying that he and Mrs. Crile would be glad to accept the invitation to be the guests of this meeting Thursday, August 12. Dr. Crile is not only one of the most prominent surgeons of America but as an original investigator and scientist has probably added as much to the world's knowledge as any living physician. He is the author of numerous surgical and scientific books setting forth the results and methods of practical application of his investigation. He has just returned from France where he and his assistant doctors and nurses had charge of the American Red Cross hospital in Paris for several months. It will be a rare treat for the physicians of Morgan, Cass and adjoining counties to have the privilege of hearing Dr. Crile. With fair weather and good roads this will probably be one of the largest medical picnic meetings ever held in central Illinois as the officers of the two societies will extend invitations to the physicians of neighboring counties to come and bring their families. This annual meeting has always included the wives and children of the doctors as well as many of their friends.

Come to the Big Dump'em out sale for that 4th of July outfit and save half. Now selling, Illinois Stock Exchange, 13 W. Side Square.

### FUNERALS

Green.

Funeral services for the late Mrs. Lucinda Green were held from the family residence, 1009 West State street, Thursday afternoon at 2 o'clock. The Rev. J. W. Miller, pastor of Grace church, was in charge, assisted by the Rev. G. W. Flagg. There was a large number of friends gathered to pay a last tribute of respect to the memory of Mrs. Green. Hymns were sung by a quartet composed of Miss Ina Berryman, Miss Marie Miller, and Messrs. T. H. Raap and Henry Pinkerton. There were many beautiful floral offerings and these were in charge of Misses Elizabeth Hatfield and Della Osborne.

Interment was in Diamond Grove cemetery and the bearers were J. W. Taylor, W. E. Veitch, H. J. Rodgers, J. F. Kliner, George M. Blair and A. T. Capps.

Rev. Mr. Miller preached the funeral discourse, taking as his text Zachariah, 14:7: "But it shall come to pass that at evening time it shall be light." From this theme the minister drew a lesson indicating how great and certain are the rewards when the end comes for those who have lived in righteousness. He referred to the strength of Mrs. Green's character and of the fortitude with which she met suffering, and said that quietly she had gone along life's pathway, meeting the duties of each day, and that her memory would be revered because of her spirit and her works.

**Zeppenfeld.**  
Funeral services for George P. Zeppenfeld were held from the family residence, 345 South East street Wednesday afternoon at 2 o'clock. Rev. J. M. Lankton, rector of Trinity church was in charge. Music was furnished by Mr. and Mrs. H. M. Andre, Miss Wakely and John G. Ames.

The bearers were William Thompson, John Barber, Edward Mason, Edward Meulhausen, Lyle Wyatt and H. J. Bant. Interment was in Jacksonville cemetery.

**THE BALLOON WILL NOT GO UP** until you have visited the Big Dump'em Out Sale now in full blast at Illinois Stock Exchange. Prices all shot to pieces.

### TOOK HORSE.

Thursday night Mrs. Richard Perkins of Sandusky fruit farm, came in to attend the meeting of Rebekah's and tied her horse near the post office. Some one took the animal and after driving around left it at the corner of Independence and Doolin avenues. The matter was reported to the police who located the animal shortly before midnight. It did not appear as though the animal had been driven hard and no damage was done to either horse or vehicle.

### SUIT FILED.

In the circuit court through Bellatti, Bellatti & Moriarty, R. A. Carpenter filed a suit in assumption against C. E. Henry. Only the pape is in the files and indicates that damages in the sum of \$2,500 are asked.

### FINAL SUMMONS COMES TO MR. ELI OSCAR MANSFIELD

Succumbs to Second Stroke of Paralysis at Our Savior's Hospital—For Many Years Was a Miller at Franklin.

Eli Oscar Mansfield, widely known in Morgan county, and for a great many years a miller in Franklin, died Thursday afternoon at 1:30 o'clock from the effects of a second stroke of paralysis at Our Savior's hospital. Mr. Mansfield was a man who always enjoyed the best of health and his sudden death comes as a great shock to his loved ones and friends. He suffered a slight stroke of paralysis Sunday night, but he was up and about Monday and at midnight Monday he had a second stroke and soon became unconscious, remaining in that state until death. His daughters Louise and Helen, who were at Holland, Mich., arrived here at 8 o'clock Thursday morning.

The deceased was the son of Isaac T. Mansfield and Susie Austin, and was born in Franklin, July 28, 1853, being almost 62 years of age. His parents came from Kentucky here but Mr. Mansfield was born in this county. There were nine children in the family and the deceased was the first to die, excepting a son who passed away in infancy.

For a great many years Mr. Mansfield was associated in the milling business with his grand father, Isaac Mansfield and his uncle Joan Mansfield and his grandmother's brother, Eli Austin. When the mill was closed the deceased started in the restaurant business in Franklin a business he gave up recently. Mr. Mansfield was a man whom every one liked and respected. He was firm in his convictions for what he thought was right, yet ever mindful and thoughtful of the convictions of others. He was honest and upright in all his dealings and his word was as good as his bond anytime. He was thoroughly diligent in business and was a man whose whole-heartedness appealed to people. His sudden passing away will be a source of deep regret by his wide circle of friends. Several years since he was a member of the Masonic lodge and the Odd Fellows lodge of Franklin.

He was married to Miss Julia E. Gibson, a daughter of John M. Gibson and Mary Davidson, Dec. 2, 1886, the ceremony taking place in Jacksonville. They were the parents of five children, two of whom precede the father in death, Vernon and Harold. Those living are Louise, Clifford and Helen, all of this city. Besides his wife and parents, he also leaves the following brothers and sisters, Mrs. George W. Walker, Portland, Oregon; Mrs. William Wright, Arizona; Mrs. Addie Foster, Vinita, Oklahoma; Mrs. Lizzie Clayton, East St. Louis; Miss Belle Mansfield, Franklin, and Charles and Frank Mansfield at Franklin.

The remains were taken to the undertaking establishment of Williamson and Cody. This afternoon at 2 o'clock they will be sent to Franklin where funeral services will be conducted from the home of his parents, Saturday afternoon at 1 o'clock and burial will be made in the Franklin cemetery.

### WITH THE SICK.

Miss Helen Rockwood, daughter of Mr. and Mrs. B. F. Rockwood, of Bluffs, underwent an operation for appendicitis at Our Savior's hospital Thursday morning.

Richard Mosby who has been sick for some months is able to be about again.

Miss Mabel Patterson, who was threatened with appendicitis, has recovered from the ailment and is able to be up and about again.

Miss Laura Nunes of 1046 Hackett avenue, who underwent an operation at Passavant hospital, is doing nicely and hopes to be able to return home in a few days.

Andrew Hamman of Meredosia underwent an operation recently at Dr. Day's hospital and is doing nicely.

William Darr, who suffered a stroke of apoplexy, is very ill at the home of his daughter, Mrs. Bernard Gause, on North Church street.

Mrs. Laura Shores of East Railroad street is reported very ill with heart disease.

Mrs. Elizabeth Hart of Mathers street is reported ill. She is 84 years of age.

Mrs. Henry Smith who underwent an operation at Passavant hospital is reported critically ill at the home of her sister, Mrs. Henry Travers in Franklin.

### NOTICE.

The public is hereby warned against the discharge of fire crackers and fire arms before July 4th. The ordinance governing the matter will be strictly enforced.

George P. Davis, Chief of Police.

### ATTENDED HOUSE PARTY.

Misses Helen Paschall, Fannie Masters, Ethel Masters, Leila Harney, Florence Jordan, Ray Bracwell, Fred Masters and Joyce Masters were members of a house party given by Miss Fannie Masters, who resides three miles southwest of Lynville. There were plenty of good things to eat, amusements of a varied sort and the young people thoroughly enjoyed the hospitality of the home.

Ask most any doctor and he will tell you that the place to have prescriptions filled is at

### Armstrong's Drug Store

We claim drugs of purity and potency, and we can back up that claim. When sickness arrives bear this in mind and you will then never have any doubt where to go.

### Armstrong's Drug Store

The Quality Store. S. W. Cor. Square JACKSONVILLE, ILLINOIS.

Rev. David Heagle, D. D.

During the month of July the Rev. David Heagle, D. D., Ph. D., of Chicago will occupy the pulpit of the First Baptist church each Sunday. Dr. Heagle was in the Baptist ministry for a considerable period of time and left the regular ministry some years ago to devote his time to teaching. He has taught theology, psychology, religious ethics in a Baptist seminary in Tennessee, later at Ewing college, and is at present on the faculty of the Northern Baptist Theological seminary in Chicago. Sunday Dr. Heagle's subject will be "Good News From Heaven" at the morning service, and "Is There Any Good in War?" at the evening service. The latter will be a patriotic subject.

Come to Jacksonville Monday to celebrate the Nation's birthday. An all day program of splendid, free attractions and a royal welcome await you.

### MATRIMONIAL

**Lowenstein-White.**  
Carl Lowenstein and Miss Adah L. White, both of White Hall, were married Tuesday at the home of the bride's father. The groom is the son of Louis Lowenstein, a prominent citizen of Whitehall. He is the manager of a moving picture show at Whitehall.

### SOCIETY MEETS WITH MRS. ELI CRAWFORD

The Missionary society of the First Baptist church met Thursday afternoon with Mrs. Eli Crawford on East North street. The leader was Mrs. A. B. Williamson, the subject "The Baptist Fleet." The following was the program:

Devotions—Mrs. Jerry Cox.  
Reading of the 116th Psalm.  
Prayers—Mrs. T. O. Hardisty and Mrs. Jerry Cox.  
Solo, "Rocked in the cradle of the deep"—Miss Massey.  
Reading, "The First Cruiser"—Mrs. L. B. Turner.  
Reading, "Oseola"—Miss Nettie Hayden.  
Closing prayer—Mrs. Gottra.

**BANKS WILL CLOSE MONDAY.**  
As the Fourth of July falls on Sunday this year, Monday, July 5th, will be observed as a legal holiday and all the banks of the city will be closed.

### CIRCUIT COURT ADJOURNED UNTIL AUGUST THIRD

Judge Burton Entered a Number of Orders Thursday—Reports in Foreclosure Proceedings Approved.

Judge Burton entered a number of orders in the circuit court Thursday and then adjourned until Tuesday, August 3. The following were the docket entries:

#### Law Cases.

Union Drainage District vs. William Nunes and J. E. Dailey, debt; motion for a new trial overruled and appeal made by the complainant allowed.

Claus Tomhave vs. R. H. Vorlman, trespass; motion for new trial allowed and former verdict set aside.

In the appeal case of A. G. Rawlings vs. W. H. Jones, the motion for the appointment of costs was allowed and it was ordered that defendant pay all costs before justice of the peace and all costs incurred by him in the circuit court, and that the plaintiff pay all costs incurred by him in the circuit court.

The ejectment suit brought by W. H. Lamkular against Edward N. and Bessie Hairgrove was dismissed by the plaintiff at his cost.

The suit in assumption brought by E. E. Fox against the Indiana & Ohio Live Stock Insurance company was dismissed by the plaintiff at his costs.

In the appeal case of G. E. Belzer vs. Edgar Boston, an order of dismissal was entered on motion of the plaintiff.

#### Chancery Cases.

In the assumption suit of W. A. Masters vs. G. A. Wheeler and N. L. Purvins, the court found the issues for the plaintiff and assessed damages in the sum of \$479.38. Exceptions to the finding by defendant Wheeler were noted and his appeal was allowed and bond fix in the sum of \$700.

In the foreclosure suit of Mary J. Self vs. J. L. McCarty et al. the report of the receiver was approved and the cause was stricken from the docket.

The divorce suit brought by Mrs. Mattie McPike against her husband, William H. McPike, was dismissed by the complainant with leave to reinstate.

Mrs. Lucille Brown, who brought a divorce suit against her husband, Alex. Brown, was granted a decree.

In the matter of the foreclosure proceedings of C. W. Ranson against Edward W. Ward, the master's report of sale was approved.

In the foreclosure of Henry Winter brought against Alexander H. Smith, the report of sale was approved.

The report of the master in chancery in the foreclosure proceedings of Harmony Lodge against J. W.

Moon, showed a deficiency of \$118.16 and a motion was entered by the complainant for the appointment of a receiver, judgment for the deficiency having been entered against J. W. and Mary Moon.

The 4th will be hot, but our Palm Beach Suits, Silk Shirts and Straw Hats will keep you cool. Now selling rapidly at the Big Dump'em out sale. Illinois Stock Exchange.

#### JULY SUNDAY EVENINGS

### MONTHLY MEETING OF LINCOLN BRANCH WAS HELD THURSDAY

Organization of the National Association for the Advancement of Colored People Holds Session—J. J. Reeve Speaks.

The Lincoln Branch of the National Association for the Advancement of Colored People held its monthly meeting at Bethel A. M. E. church last night, with Dr. G. T. Shaw, president in the chair. The president made a statement that with reference to leaving the city and of the necessity of the organization electing another president.

A committee of three consisting of Rev. J. W. Muse, Miss Ella Robinson and G. W. Cooper was appointed on nomination Dr. E. L. Scruggs' name was reported by the committee and he was elected. The list of all of the officers of the association follow:

President—Dr. E. L. Scruggs.  
Vice president—Henry J. Rodgers  
Sec'y—Miss Laura Allen  
Treasurer—James Brown.  
Executive committee—Dr. A. H. Kennebrew, G. W. Davis, U. G. Woodman, C. C. Berryman, Mrs. Murdock, Dr. R. H. Beverly, Wath Williams, Rev. J. W. Muse, Mrs. Katherine Dunn.

Attorney J. J. Reeve made an excellent address, emphasizing honesty, industry and frugality, as necessary to live a helpful and useful citizen. He said if the generation is to advance, we must get down to the pitfalls of our children and impress the children's minds that it is not all of life to live nor all of death to die, and that we are to shape our lives here with reference to the hereafter. God, he said, is the creator of all races. Principle knows no race or color and lives forever.

On motion of Rev. Muse a vote of thanks was tendered to Dr. Shaw, the retiring president.

The association adjourned to meet the first Thursday in August.  
Take off those Hot Clothes—Come to the BIG DUMP'EM OUT SALE and slip into a cool, comfortable outfit and enjoy life. Everything selling less than half. Illinois Stock Exchange.

UNDERWENT AN OPERATION.  
John Vieira, manager of the Illinois Hotel, underwent an operation for appendicitis at Dr. J. Almond Day's hospital Thursday. It developed that the appendix was ruptured and drains were placed by the hope that later on it can be removed. While Mr. Vieira is in a serious condition, word from the hospital last night was that he was resting easily and that there was no immediate danger.

### WILLIAM TARZEWELL HAS MADE A SUCCESS ON THE FARM

Began as Tenant for the Late Ralph Reynolds and Industry and Good Judgment Have Brought Their Rewards.

In the Buckhorn neighborhood there are a good many farms and farmers and in that locality lives William Tarzewell, who, beginning in a humble way as a tenant for the late Ralph Reynolds, has accumulated a considerable estate. He practiced economy and industry from the beginning and by following good farming methods has steadily succeeded.

For many years he did much in the dairy line, keeping all purpose cows, a cross between Jersey and Short Horn, and found them best paying animals. He also raised the calves and bought others and in that way kept up his land to a good degree of fertility. He claims he has sold more butter in Jacksonville than any other one man and he has good grounds for his claim. He carefully stables his cows in a warm, airy barn, with good floors, doesn't let them suffer from storms in winter and feeds carefully. He feeds ground corn, oil meal, alfalfa and clover hay. Last fall he bought 15 tons of alfalfa and hauled it seven miles and paid \$14 a ton. Some of his cows will weigh 1200 each and are not especially fat.

In addition to his cows, Mr. Tarzewell also does a lot of farming. This year he has 32 acres of wheat that will go 30 to 35 bushels to the acre and some of it will reach 40. It is somewhat injured by wet weather, but not as badly by any means as some fields. It is Red Wave, smooth head and fine looking grain. Mr. Tarzewell is in the midst of cutting it and found it rather hard work yesterday owing to dampness. He also has 40 acres of corn which looks well. He prefers the Boone county white as a rule and finds it yields rather better. He also likes the Reid improved yellow dent, but not quite as well as the other.

He carefully maintains the fertility of his land by manure from the dairy and rotating, though he feels a bit sore this year regarding clover. He tried a lot the last two years, but dry weather killed it and this year, when it would have done so well, he didn't sow any. He also has a field of alfalfa which promises well.

Like other good farmers, he rotates carefully and never wears out his land.

Mr. Tarzewell is a firm believer in stacking wheat and would even go so far as to forbid by law threshing from the shock. His main contention is the quality of the grain. He says wheat must go through a sweat and if stacked the sweating is done before threshing, but if not, the grain sweats in the granary, which is a detriment. Stacking removes danger of injury in shock, gives more time for threshing, takes less help at threshing time and in general is better all around.

Mr. Tarzewell has a pleasant home and an interesting family.

### FIREWORKS

OBERMEYER & SON,  
South Side Square.

#### INJURED HIS EYE.

Harry J. Herring of 400 South Main street, sustained an injury to his right eye Thursday while engaged in working on the new engine at the plant of the Railway and Light company. Herring with other workmen had a jack under a portion of the engine and in endeavoring to slip a block of wood under the jack the block was split by the weight and a piece struck Herring in the right eye. The injured man was removed to Park hospital where he received attention. It was found on examination that the eyeball had been cut. It will not be known for several days just how serious the injury is.

THE PARACHUTE JUMP will take place after you have attended the big dump'em out sale. You will have to hurry as the bargains are going rapidly. Illinois Stock Exchange. Don't miss it.

WILL CELEBRATE THE FOURTH.  
The Brotherhood of Mt. Emory Baptist church will celebrate the Fourth on Monday at the old fair grounds. The entertainment is under the supervision of Frank Mallory, president and Clarence Duncan, secretary. It is the intention to have a big barbecue during the day. There also will be races, baseball and other athletic sports. Freeman's band will furnish music for the occasion.

MR. ZAHN'S NEW BUICK GARAGE, 229-31 E. MORGAN

Howard Zahn is now located in his new Buick garage, 229-31 East Morgan street, near East street, and is finely fitted up and prepared for business. He will have ample quarters, 60x90 feet, first story for salesroom and second for work. All kinds of auto repairing, gasoline and supplies. The Buick is a car which stands in the front rank and will be handled in this place exclusively by Mr. Zahn.
